(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2026

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____
Commission File Number: 001-36124

Gaming and Leisure Properties, Inc.

(Exact name of registrant as specified in its charter)

Pennsylvania
(State or other jurisdiction of
incorporation or organization)

46-2116489
(I.R.S. Employer
Identification No.)

845 Berkshire Blvd., Suite 200
Wyomissing, PA 19610
(Address of principal executive offices) (Zip Code)

610-401-2900
(Registrant's telephone number, including area code)

Not Applicable
(Former name, former address, and former fiscal year, if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, par value \$.01 per share	GLPI	Nasdaq

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act:

Large accelerated filer	<input checked="" type="checkbox"/>	Accelerated filer	<input type="checkbox"/>
Non-accelerated filer	<input type="checkbox"/>	Smaller reporting company	<input type="checkbox"/>
		Emerging growth company	<input type="checkbox"/>

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

Gaming and Leisure Properties, Inc.
Notes to the Condensed Consolidated Financial Statements
(unaudited)

1. Business and Operations

Gaming and Leisure Properties, Inc. ("GLPI") is a self-administered and self-managed Pennsylvania real estate investment trust ("REIT"). GLPI (together with its subsidiaries, the "Company") was incorporated as a wholly-owned subsidiary of PENN Entertainment, Inc., formerly known as Penn National Gaming, Inc. (NASDAQ: PENN) ("PENN"). On November 1, 2013, PENN contributed to GLPI, through a series of internal corporate restructurings, substantially all of the assets and liabilities associated with PENN's real property interests and real estate development business, as well as the assets and liabilities of Hollywood Casino Baton Rouge and Hollywood Casino Perryville and then spun-off GLPI to holders of PENN's common and preferred stock in a tax-free distribution (the "Spin-Off").

Since 2021, the Company has been structured as an umbrella partnership REIT under which substantially all of its business is conducted through GLP Capital, L.P. ("GLP Capital"), the day-to-day management of which is exclusively controlled by GLPI. GLPI has no material assets other than its investment in GLP Capital. GLPI issues equity from time to time and is obligated to contribute the net proceeds from those offerings to GLP Capital. As of March 31, 2026, GLPI owned approximately 96.8% of the outstanding units of GLP Capital with the remaining 3.2% owned by third party limited partners who (directly or through affiliates) contributed properties to GLP Capital in exchange for consideration that was partially funded through the issuance of operating partnership units ("OP Units") and holders of long term incentive plan units ("LTIP Units"). The OP Units and LTIP Units once vested are exchangeable on a one for one basis for common shares of the Company. The Company's common stock is listed on the NASDAQ under the ticker symbol GLPI.

All debt of the Company, including revolving credit facilities, term loans and senior unsecured notes, is incurred by GLP Capital and its subsidiaries. GLPI has fully and unconditionally guaranteed all of our outstanding senior unsecured notes.

The Company seeks to provide an opportunity to invest in the growth opportunities afforded by the gaming industry, with the stability and cash flow opportunities of a REIT. GLPI's primary business consists of acquiring, financing, and owning real estate property to be leased to gaming operators in triple-net lease arrangements. Under these arrangements, in addition to rent, the tenants are required to pay the following executory costs: (1) all facility maintenance, (2) all insurance required in connection with the leased properties and the business conducted on the leased properties, including coverage of the landlord's interests, (3) taxes levied on or with respect to the leased properties (other than taxes on the income of the lessor) and (4) all utilities and other services necessary or appropriate for the leased properties and the business conducted on the leased properties. The Company also extends loans that produce fixed or variable returns which may convert into leased rent upon project completion or stabilization.

As of March 31, 2026, GLPI's portfolio consisted of interests in 71 gaming and related facilities, the real property associated with 34 gaming and related facilities operated by PENN, the real property associated with 6 gaming and related facilities operated by Caesars Entertainment Corporation (NASDAQ: CZR) ("Caesars"), the real property associated with 4 gaming and related facilities operated by Boyd Gaming Corporation (NYSE: BYD) ("Boyd"), the real property associated with 16 gaming and related facilities operated by Bally's Corporation (NYSE: BALY) ("Bally's") and 2 facilities under development, namely for Bally's in Chicago, Illinois and for The Cordish Companies ("Cordish") and Bruce Smith Enterprise in Petersburg, Virginia, the real property associated with 3 gaming and related facilities operated by Cordish, 1 gaming facility managed by a subsidiary of Hard Rock International ("Hard Rock"), 4 gaming and related facilities operated by Strategic Gaming Management, LLC ("Strategic") and 1 gaming and related facility operated by American Racing & Entertainment ("American Racing").

PENN 2023 Master Lease and Amended PENN Master Lease

On January 1, 2023, the Company amended its original master lease with PENN (the "Amended PENN Master Lease") to remove 5 properties from it and created a new master lease (the "PENN 2023 Master Lease"). In addition, the existing leases for the Hollywood Casino at The Meadows in Pennsylvania and the Hollywood Casino Perryville in Maryland were terminated and these properties were transferred into the PENN 2023 Master Lease. Both the Amended PENN Master Lease and the PENN 2023 Master Lease are triple-net operating leases, the terms of which expire on October 31, 2033, with no purchase options, followed by three remaining 5-year renewal options (exercisable by the tenant) on the same terms and conditions.

Rent under the PENN 2023 Master Lease is fixed with annual escalations on the entirety of rent increasing by 1.5% annually on November 1. In addition to the fixed escalations, a one time annualized increase of \$1.4 million is scheduled to occur on November 1, 2027. The rent structure under the Amended PENN Master Lease includes a fixed component, a portion of which is subject to an annual 2% escalator if certain rent coverage ratio thresholds are met, and a component that is based on the revenues of the facilities, which is prospectively adjusted, subject to certain floors (namely the Hollywood Casino at Penn National Race Course property due to PENN's opening of a competing facility) every 5 years to an amount equal to 4% of the average net revenues of all facilities under the Amended PENN Master Lease during the preceding five years in excess of a contractual baseline.

GLPI also agreed to fund certain potential development projects in the PENN 2023 Master Lease. On August 1, 2025, GLPI funded \$130 million for the relocation of Hollywood Casino Joliet, which opened on August 11, 2025, and is subject to a 7.75% capitalization rate. The Company also previously funded \$5 million to reimburse PENN for land site development costs for the Joliet project. On November 3, 2025, GLPI funded \$150 million for PENN's M Resort new hotel tower and conference center expansion, which opened to the public on December 1, 2025, at a capitalization rate of 7.79%. PENN anticipates completing the relocation of its riverboat casino in Aurora, Illinois on June 24, 2026, pending customary regulatory approvals. The Company anticipates funding \$225 million at a 7.75% capitalization rate for this project on or about June 24, 2026. Rent for each project begins accruing as the related funding is advanced.

Amended Pinnacle Master Lease, Boyd Master Lease and Belterra Park Lease

In April 2016, the Company acquired substantially all of the real estate assets of Pinnacle Entertainment, Inc. ("Pinnacle") and leased these assets back to Pinnacle, under a unitary triple-net lease, the term of which expires April 30, 2031, with no purchase option, followed by four remaining 5-year renewal options (exercisable by the tenant) on the same terms and conditions (the "Pinnacle Master Lease"). The Pinnacle Master Lease includes a fixed component, a portion of which is subject to an annual escalator of up to 2% if certain rent coverage ratio thresholds are met and a component that is based on the performance of the facilities, which is prospectively adjusted subject to certain floors (namely the Bossier City Boomtown property due to PENN's acquisition of a competing facility), every two years to an amount equal to 4% of the average net revenues of all facilities under the Pinnacle Master Lease during the preceding two years in excess of a contractual baseline.

On October 15, 2018, the Company completed transactions with PENN, Pinnacle and Boyd to accommodate PENN's acquisition of the majority of Pinnacle's operations, pursuant to a definitive agreement and plan of merger between PENN and Pinnacle, dated December 17, 2017 (the "PENN-Pinnacle Merger"). Concurrent with the PENN-Pinnacle Merger, the Company amended the Pinnacle Master Lease to allow for the sale of the operating assets of Ameristar Casino Hotel Kansas City, Ameristar Casino Resort Spa St. Charles and Belterra Casino Resort from Pinnacle to Boyd (the "Amended Pinnacle Master Lease") and entered into a new unitary triple-net master lease agreement with Boyd (the "Boyd Master Lease") for these properties on terms similar to the Company's Amended Pinnacle Master Lease. The Boyd Master Lease expires April 30, 2031, with no purchase option, followed by four 5-year renewal options (exercisable by the tenant) on the same terms and conditions. The Boyd Master Lease includes a fixed component, a portion of which is subject to an annual 2% escalator if certain rent coverage ratio thresholds are met and a component that is based on the performance of the facilities, which is prospectively adjusted every two years to an amount equal to 4% of the average net revenues of all facilities under the Boyd Master Lease during the preceding two years in excess of a contractual baseline.

The Company also purchased the real estate assets of Plainridge Park Casino ("Plainridge Park") from PENN and added this property to the Amended Pinnacle Master Lease. The Amended Pinnacle Master Lease was assumed by PENN at the consummation of the PENN-Pinnacle Merger.

The Company also entered into a mortgage loan agreement with Boyd in connection with Boyd's acquisition of Belterra Park Gaming & Entertainment Center ("Belterra Park"), whereby the Company loaned Boyd \$57.7 million (the "Belterra Park Loan"). In May 2020, the Company acquired the real estate of Belterra Park in satisfaction of the Belterra Park Loan, subject to a long-term lease (the "Belterra Park Lease") with a Boyd affiliate operating the property. The Belterra Park

Lease rent terms are consistent with the Boyd Master Lease. The Belterra Park Lease rent terms are consistent with the Boyd Master Lease and expires on April 30, 2031, with no purchase option, followed by four, 5-year renewal options (exercisable by the tenant) on the same terms and conditions.

In April 2025, PENN announced its intention to relocate its Ameristar Council Bluffs riverboat casino, for which GLPI has committed up to \$150 million or the hard costs associated with the project, whichever is greater, at a 7.10% cap rate, which can be structured, at the discretion of PENN, as rent, or a 5-year term loan.

Amended and Restated Caesars Master Lease

On October 1, 2018, the Company entered into a master lease with Caesars, which expires on September 30, 2038, with no purchase option, with four separate renewal options of 5 years each, exercisable at the tenant's option, on the same terms and conditions (as amended, the "Amended and Restated Caesars Master Lease"). The annual rent increases by 1.75% in the seventh and eighth lease years and 2% in the ninth lease year and each lease year thereafter.

Horseshoe St. Louis Lease

The Company has a single property lease with Caesars for the real estate assets of Horseshoe St. Louis (the "Horseshoe St. Louis Lease") which became effective on September 29, 2020, with no purchase option, whose initial term expires on October 31, 2033, with four separate renewal options of five years each, exercisable at the tenant's option. The Horseshoe St. Louis Lease annual rent increases by 1.25% for the second through fifth lease years, increasing to 1.75% for the sixth and seventh lease years and thereafter increasing by 2.0% for the remainder of the lease.

Bally's Master Lease, Bally's Chicago Lease, Bally's Master Lease II, the Casino Queen Master Lease and the Tropicana Las Vegas Lease

The Company has several leases and development agreements with Bally's. The Bally's Master Lease was entered into on June 3, 2021 and subsequent to this date several additional real estate assets of Bally's were added to it (the "Bally's Master Lease"). The annual rent on the Bally's Master Lease is subject to contractual escalations based on the Consumer Price Index ("CPI") with a 1% floor and a 2% ceiling, subject to the CPI meeting a 0.5% threshold. The Bally's Master Lease has an initial term of 15 years, with no purchase option, followed by four 5 year renewal options (exercisable by the tenant) on the same terms and conditions.

On September 11, 2024, the Company assumed the ground lease for the real estate of the Bally's Chicago Casino Resort ("Bally's Chicago") site between the existing third party and Bally's for approximately \$250 million. The ground lease was amended such that the Company receives initial annual rent of \$20 million. In July 2025, the Company entered into a development agreement for Bally's Chicago and amended the existing land lease to include the building (the "Bally's Chicago Lease"). The Bally's Chicago Lease has an initial term of 15 years, followed by four 5-year renewals, exercisable at the tenant's option. The Bally's Chicago Lease's annual rent increases if the CPI increase is at least 0.5% for any lease year, then the rent shall increase by the greater of 1% of the rent as of the immediately preceding lease year and the CPI increase capped at 2%. If the CPI is less than 0.5% for such lease year, then the rent shall not increase for such lease year. Rental income on the land and development funding is being deferred until the project is substantially completed and ready for its intended use. This amount is recorded in deferred rental revenue on the Company's Condensed Consolidated Balance Sheet and totaled \$39.2 million and \$28.7 million at March 31, 2026 and December 31, 2025, respectively.

The Company intends to fund real estate construction costs of up to \$940.0 million for the planned Bally's Chicago. This development funding is expected to extend into 2027. The Company would own all funded improvements, which would be leased to Bally's with rent commencing as advances are made at an initial annual yield of 8.5%. As of March 31, 2026, \$299.6 million of real estate construction costs have been funded by the Company.

On December 16, 2024, the Company completed the purchase of the real property assets of both Bally's Kansas City Casino and Bally's Shreveport Casino & Hotel. The two properties are in a new master lease that is cross-defaulted with the existing Bally's Master Lease (the "Bally's Master Lease II"). The annual rent is subject to contractual escalations based on CPI with a 1% floor and a 2% ceiling, subject to CPI meeting a 0.5% threshold. Bally's Master Lease II has an initial term of 15 years, with no purchase option, followed by four 5 year renewal options (exercisable by the tenant) on the same terms and conditions. Effective July 1, 2025, the DraftKings at Casino Queen and The Queen Baton Rouge properties in the Casino Queen Master Lease were transferred to Bally's Master Lease II. Additionally, annual rental income of \$28.9 million was reallocated from the Casino Queen Master Lease to Bally's Master Lease II. Finally, on February 11, 2026, the Company exercised its call

right for Bally's Twin River Casino Resort ("Bally's Lincoln"), acquiring the real estate assets for a purchase price of \$700 million and additional annual rent of \$56 million and adding the property to Bally's Master Lease II.

On February 7, 2025, Bally's completed its merger transactions with Standard General and its affiliates, and pursuant to the terms of the merger agreement, The Queen Casino and Entertainment, Inc. ("Casino Queen") is now a subsidiary of Bally's.

The Company has a master lease with Casino Queen which became effective December 17, 2021 (as amended, the "Casino Queen Master Lease"). The lease has an initial term of 15 years, with no purchase option, with four separate five year renewal options exercisable by the tenant on the same terms and conditions. Annual rent increases by 0.5% for the first six years. Beginning with the seventh lease year through the remainder of the lease term, if the CPI increases by at least 0.25% for any lease year then annual rent shall be increased by 1.25%, and if the CPI is less than 0.25% then rent will remain unchanged for such lease year. Effective July 1, 2025, the DraftKings at Casino Queen and The Queen Baton Rouge properties in the Casino Queen Master Lease were transferred to Bally's Master Lease II as previously discussed.

On June 3, 2024, the Company announced that it agreed to fund and oversee a landside development project and hotel renovation of The Belle of Baton Rouge for Casino Queen. GLPI funded approximately \$111 million for the project. The landside development project was completed and opened to the public in December 2025 and has been rebranded as Bally's Baton Rouge. The renovated hotel was opened to the public on March 31, 2025. Casino Queen began paying an incremental rental yield of 9% on the development funding effective May 30, 2025. Rent was deferred on the landside development project until it was ready for its intended use. As of March 31, 2026, the Company has funded \$16.5 million of certain construction costs for the landside development project at Casino Queen Marquette at a 8.25% capitalization rate. The landside development project opened to the public in March 2026 and has been rebranded as Bally's Marquette.

On April 16, 2020, the Company and certain of its subsidiaries acquired the real property associated with the Tropicana Las Vegas from PENN in exchange for \$307.5 million of rent credits which were applied against future rent obligations due under the parties' leases in effect during 2020.

On September 26, 2022, Bally's acquired both GLPI's building assets and PENN's outstanding equity interests in Tropicana Las Vegas for an aggregate cash acquisition price, net of fees and expenses, of approximately \$145 million. GLPI retained ownership of the land and concurrently entered into a ground lease for an initial term of 50 years (with a maximum term of 99 years inclusive of tenant renewal options) (as amended, the "Tropicana Las Vegas Lease"). All rent is subject to contractual escalations based on the CPI, with a 1% floor and 2% ceiling, subject to the CPI meeting a 0.5% threshold. The Tropicana Las Vegas Lease is supported by a Bally's corporate guarantee.

On May 13, 2023, the Company, Tropicana Las Vegas, Inc., a Nevada corporation and wholly owned subsidiary of Bally's, and Athletics Holdings LLC ("Athletics"), which owns the Major League Baseball team currently known as the Athletics (the "Team"), entered into a binding letter of intent (the "LOI") setting forth the terms for developing a stadium that would serve as the home venue for the Team (the "Stadium"). The Stadium is expected to complement the potential resort redevelopment envisioned at our 35-acre property in Clark County, Nevada (the "Tropicana Site"), owned indirectly by GLPI through its indirect subsidiary, Tropicana Land LLC, a Nevada limited liability company and leased by GLPI to Bally's pursuant to the Tropicana Las Vegas Lease. The LOI allows for Athletics to be granted fee ownership by GLPI of approximately 9 acres of the Tropicana Site for construction of the Stadium. The LOI provides that following the Stadium site transfer, there will be no reduction in the rent obligations of Bally's on the remaining portion of the Tropicana Site or other modifications to the ground lease, and that to the extent GLPI has any consent or approval rights under the Tropicana Las Vegas Lease, such rights shall remain enforceable unless expressly modified in writing in the definitive documents. Bally's and GLPI are agreeing to provide the Stadium site transfer in exchange for the benefits that the Stadium is expected to bring to the Tropicana Site. The LOI provides that Athletics shall pay all the costs associated with the design, development, and construction of the Stadium and Bally's shall pay all costs for the redevelopment of the casino and hotel resort amenities. GLPI is expected to commit to up to \$175.0 million of funding for hard construction costs, such as demolition and site preparation and build out of minimum public spaces needed for utilization of the Stadium. The LOI provides that during the development period, rent will be due at 8.5% of what has been funded, provided that the first \$15.0 million advanced for the costs of construction of the food, beverage and retail entrance plaza shall not be subject to increased rent. GLPI may have the opportunity to fund additional amounts of the construction under certain circumstances. In addition, the LOI provides that the transaction will be subject to customary approvals and other conditions, including, without limitation, approval of a master plan for the site, and certain approvals by the Nevada Gaming Control Board and Nevada Gaming Commission.

In late August 2024, the Company funded \$48.5 million to Bally's that was used to pay for the demolition costs of the Tropicana Las Vegas as part of the development plans for the Stadium and annual rent was increased by \$4.1 million as a result. The change in rent terms resulted in a lease reconsideration event that resulted in the lease being classified as a sales type lease, whereas previously it was accounted for as an operating lease.

Morgantown Lease

On October 1, 2020, the Company acquired the land under PENN's gaming facility under construction in Morgantown, Pennsylvania. The Company is leasing the land back to an affiliate of PENN for an initial term of 20 years with no purchase option, followed by six 5-year renewal options exercisable by the tenant (the "Morgantown Lease"). If the CPI increase is at least 0.5% for any lease year, the rent for such lease year shall increase by 1.25% of rent as of the immediately preceding lease year, and if the CPI increase is less than 0.5% for such lease year, then rent shall not increase for such lease year.

Maryland Live! Lease, Pennsylvania Live! Master Lease and Virginia Live!

On December 29, 2021, the Company completed its acquisition of the real property assets of Live! Casino & Hotel Maryland and entered into a single asset lease for Live! Casino & Hotel Maryland (the "Maryland Live! Lease"). On March 1, 2022, the Company completed its acquisition of the real estate assets of Live! Casino & Hotel Philadelphia and Live! Casino Pittsburgh and leased back the real estate to Cordish pursuant to a new triple net master lease with Cordish (as amended from time to time, the "Pennsylvania Live! Master Lease"). The Pennsylvania Live! Master Lease and the Maryland Live! Lease each have initial lease terms of 39 years, with a maximum term of 60 years inclusive of tenant renewal options. Annual rent increases by 1.75% upon the second anniversary of both leases commencement through their remaining terms.

On October 27, 2025, the Company announced that it intends to acquire the real estate of the future site for Live! Virginia Casino & Hotel, a Cordish Company / Bruce Smith Enterprise casino and hotel development in Petersburg, Virginia ("Virginia Live!"). In addition, GLPI has committed to fund the hard costs associated with the development of the project. The cap rate on both the land acquisition of \$27 million and the hard cost development funding of \$440 million will be at 8.0%. The transaction also includes a 1.75% rent escalator, which will commence after the first anniversary of the permanent casino opening, which is anticipated in late 2027. Through the construction of this large-scale development, GLPI will be compensated for the funding on an as drawn basis. The Company has concluded that the lessee has control of the underlying asset being constructed while the project is under construction. This is because the tenant is leasing the land that property improvements will be constructed upon, the term of which, together with lessee renewal options, is for substantially all of the economic life of the property improvements. Therefore, the Company will account for any funds extended prior to the asset being ready for its intended use as loans. Additionally, the Company concluded that this was a loan commitment and was therefore subject to ASC 326 "Credit Losses: ("ASC 326"). Once construction is complete and the facility is ready for its intended use, the Company will apply the sale and leaseback guidance to determine the appropriate lease classification. On January 15, 2026, the Company funded approximately \$27 million to acquire the land site for the project which was recorded in real estate loans, net and the annual payment of \$2.16 million for the land funding is being recorded in interest income from real estate loans.

Rockford Lease and Rockford Loan

On August 29, 2023, the Company acquired the land associated with a casino development project in Rockford, IL, that opened in late August 2024 and is managed by a subsidiary of Hard Rock, from an affiliate of 815 Entertainment, LLC ("815 Entertainment"). Simultaneously with the land acquisition, GLPI entered into a ground lease with 815 Entertainment for a 99 year term (the "Rockford Lease"). The initial annual rent is subject to 2% annual escalations for the entirety of its term.

In addition to the Rockford Lease, the Company committed to provide development funding via a senior secured delayed draw term loan (the "Rockford Loan"). Borrowings under the Rockford Loan were subject to an interest rate of 10% with a 5-year initial term. On January 1, 2025, the Company amended the terms of the Rockford Loan to reduce the interest rate to 8% with a maturity date of June 30, 2026, subject to a 6-month extension. As of March 31, 2026, \$150 million was advanced and outstanding under the Rockford Loan. Additionally, the Company also received a right of first refusal on the building improvements of the Hard Rock Casino in Rockford, IL if there is a future decision to sell them once completed.

Tioga Downs Lease

On February 6, 2024, the Company acquired the real estate assets of Tioga Downs Casino Resort ("Tioga Downs") in Nichols, NY from American Racing. Simultaneous with the acquisition, GLPI and American Racing entered into a triple-net lease agreement for an initial 30-year term, with no purchase option, followed by two renewal options of 10 years each and a third renewal option of approximately 12 years and ten months (the "Tioga Downs Lease"). The initial annual rent is subject to

1.75% annual escalations beginning with the first anniversary which increases to 2% beginning in year fifteen of the lease through the remainder of its initial term.

Strategic Gaming Leases

On May 16, 2024, the Company acquired the real estate assets of Silverado Franklin Hotel & Gaming Complex ("Silverado"), the Deadwood Mountain Grand ("DMG") casino, and Baldini's Casino ("Baldini's") from Strategic. Simultaneous with the acquisition, GLP Capital and affiliates of Strategic entered into two cross-defaulted triple-net lease agreements, each for an initial 25-year term with no purchase option and two ten-year renewal periods (exercisable by the tenant) (the "Strategic Gaming Leases"). The initial annual rent is subject to a 2% annual escalation beginning in year three of the lease and a CPI-based annual escalation beginning in year eleven of the lease, at the greater of 2% or CPI capped at 2.5%.

On October 15, 2025, the Company acquired the real estate assets of Sunland Park in Sunland Park, New Mexico for \$183.75 million. The property was added to the Strategic Gaming Leases and annual rent was increased by \$15.0 million.

Ione Loan

In September 2024, the Company entered into a \$110 million delayed draw term loan facility with the Ione Band of Miwok Indians (the "Ione Loan") to provide the tribe funding on a new casino development near Sacramento, California. Ione has an option at the end of the Ione Loan term to satisfy the loan obligation by converting the outstanding principal into a long-term triple net lease with an initial term of twenty-five years and a maximum term of forty-five years. These agreements were entered into subsequent to receiving a declination letter from the National Indian Gaming Commission covering the transaction documents, including the long-term lease. As of March 31, 2026, \$83.6 million was advanced and outstanding under the Ione Loan which has a 5-year term and an interest rate of 11%.

Dry Creek Rancheria Loan

On September 2, 2025, the Company announced, a \$225.3 million commitment, subject to receipt of all required permits and approvals, to serve as the lead real estate financing partner for Caesars Republic Sonoma County, a new integrated resort to be developed on the site of the current River Rock Casino. Pursuant to its agreements with the Dry Creek, GLPI will initially act as a lender to the project through (i) a \$180 million delayed draw term loan bearing interest at a fixed rate of 12.50% and (ii) a \$45.3 million term loan B issued at an original issue discount of 3% and bearing interest at a Secured Overnight Financing Rate ("SOFR") plus 900 basis points, subject to a SOFR floor of 1%. Each term loan has a maturity of 6 years.

Upon or prior to maturity of the 6-year loans, Dry Creek will lease back the property to an affiliate of GLPI, and GLPI will sublease the property back to an affiliate of Dry Creek for no less than \$112.5 million for 45 years. Annual rent on the sublease will be based on a 9.75% capitalization rate. As of March 31, 2026, the Company has funded the \$45.3 million term loan B while the delayed draw term loan remained undrawn.

Guarantees

The obligations under the Amended PENN Master Lease, PENN 2023 Master Lease, Amended Pinnacle Master Lease and Morgantown Lease, are guaranteed by PENN and, with respect to each lease, jointly and severally by PENN's subsidiaries that occupy and operate the facilities covered by such lease. Similarly, the obligations under the Amended and Restated Caesars Master Lease, the Horseshoe St. Louis Lease, the Casino Queen Master Lease, the Bally's Master Lease, the Bally's Master Lease II, the Strategic Gaming Leases and the Tioga Downs Lease are each jointly and severally guaranteed by the applicable parent company and by the parent's subsidiaries that occupy and operate the leased facilities. The obligations under the Tropicana Las Vegas Lease are guaranteed by Bally's. The obligations under the Boyd Master Lease, the Belterra Park Lease, the Maryland Live! Lease, the Pennsylvania Live! Lease and the Rockford Lease are jointly and severally guaranteed by the subsidiaries that occupy and operate the facilities.

2. Basis of Presentation

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP") for interim financial information and with the instructions for Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and

footnotes required by GAAP for complete consolidated financial statements. In the opinion of management, all normal recurring adjustments considered necessary for a fair presentation have been included.

The condensed consolidated financial statements include the accounts of GLPI and its subsidiaries as well as the Company's operating partnership, which is a variable interest entity ("VIE") in which the Company is the primary beneficiary. The operating partnership is a VIE in which the Company is the primary beneficiary because it has the power to direct the activities of the VIE that most significantly impact the partnership's economic performance and has the obligation to absorb losses of the VIE that could be potentially significant to the VIE and the right to receive benefits from the VIE that could potentially be significant to the VIE. Therefore, the Company consolidates the accounts of the operating partnership, and reflects the third party ownership in this entity as a noncontrolling interest in the Condensed Consolidated Balance Sheet as a separate component of equity, separate from GLPI's stockholders' equity. All intercompany accounts and transactions have been eliminated in consolidation. The Company's net income or loss is allocated to noncontrolling interests based on the respective ownership or voting percentage in the Operating Partnership associated with such noncontrolling interests and is removed from consolidated income or loss on the Condensed Consolidated Statements of Operations in order to derive net income or loss attributable to common stockholders. The noncontrolling ownership percentage is calculated by dividing the aggregate number of LTIP Units and OP Units by the total number of units and shares outstanding.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses for the reporting periods. Actual results could differ from those estimates.

Operating results for the three months ended March 31, 2026 are not necessarily indicative of the results that may be expected for the year ending December 31, 2026. The consolidated financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2025 (our "Annual Report") should be read in conjunction with these condensed consolidated financial statements. The December 31, 2025 financial information has been derived from the Company's audited consolidated financial statements.

The Company's significant accounting policies are described in Note 2 of the Notes to the Consolidated Financial Statements included in the Company's Annual Report and since the date of those financial statements, the Company has not had any significant changes to these accounting policies that have had a material impact on the Company's financial statements.

3. Investment in Leases, Net

Certain of the Company's leases are recorded as an Investment in leases, financing receivables, net, as the sale lease back transactions were accounted for as failed sale leasebacks as control of the real estate did not transfer to the Company. Additionally, as described in Note 1, the Company reassessed the Tropicana Las Vegas Lease in 2024 which resulted in the lease being classified as a sales type lease. The following is a summary of the balances of the Company's Investment in leases, financing receivables and investment in leases, sales type (in thousands).

	March 31, 2026	March 31, 2026	December 31, 2025	December 31, 2025
	Investment in leases, sales type	Investment in leases, financing receivables	Investment in leases, sales type	Investment in leases, financing receivables
Minimum lease payments receivable	\$ 689,910	\$ 10,045,184	\$ 693,619	\$ 10,090,473
Estimated residual values of lease property (unguaranteed)	278,500	1,444,690	278,500	1,444,690
Total	968,410	11,489,874	972,119	11,535,163
Less: Unearned income	(689,913)	(8,902,826)	(693,622)	(8,955,526)
Less: Allowance for credit losses	(27,985)	(24,179)	(30,076)	(22,133)
Investment in leases - financing receivables, net	\$ 250,512	\$ 2,562,869	\$ 248,421	\$ 2,557,504

The present value of the net investment in the lease payment receivable and unguaranteed residual value at March 31, 2026 for the Company's Investment in leases, financing receivables was \$2,482.3 million and \$104.7 million compared to \$2,477.1 million and \$102.6 million at December 31, 2025. The present value of the net investment in the lease payment receivable and unguaranteed residual value at March 31, 2026 for the Company's Investment in leases, sales type was \$255.0 million and \$23.5 million compared to \$255.3 million and \$23.2 million at December 31, 2025.

At March 31, 2026, minimum lease payments owed to us for each of the five succeeding years under the Company's investment in leases were as follows (in thousands):

<u>Year ending December 31.</u>	<u>Future Minimum Lease Payments - Sales Type</u>	<u>Future Minimum Lease Payments - Financing Receivables</u>
2026 (remainder of year)	\$ 11,128	\$ 136,802
2027	14,837	185,336
2028	14,837	188,639
2029	14,837	192,001
2030	14,837	195,423
Thereafter	619,434	9,146,983
Total	\$ 689,910	\$ 10,045,184

The Company follows ASC 326 "Credit Losses", which requires that the Company measure and record current expected credit losses ("CECL"), the scope of which includes the Company's Investment in leases, financing receivables, net, the Company's Investment in leases, sales type, net, and the Company's Real estate loans, net, which are discussed in Note 5. The Company has elected to use an econometric default and loss rate model to estimate the allowance for credit losses, or CECL allowance. This model requires us to calculate and input lease and property-specific credit and performance metrics which in conjunction with forward-looking economic forecasts, project estimated credit losses over the life of the lease or loan. The Company then records a CECL allowance based on the expected loss rate multiplied by the outstanding investment.

Expected losses within our cash flows are determined by estimating the probability of default ("PD") and loss given default ("LGD") of our instruments subject to CECL. We have engaged a nationally recognized data analytics firm to assist us with estimating both the PD and LGD. The PD and LGD are estimated during the initial term of the instruments subject to CECL. The PD and LGD estimates were developed using current financial condition forecasts. The PD and LGD predictive model was developed using the average historical default rates and historical loss rates, respectively, of over 100,000 commercial real estate loans dating back to 1998 that have similar credit profiles or characteristics to the real estate underlying the Company's instruments subject to CECL. Management will monitor the credit risk related to its instruments subject to CECL by obtaining the applicable rent and interest coverage on a periodic basis. The Company also monitors legislative changes to assess whether it would have an impact on the underlying performance of its tenant. We are unable to use our historical data to estimate losses as the Company has no loss history to date on its lease portfolio. Our tenants were current on all of their rental obligations as of March 31, 2026 and December 31, 2025.

The change in the allowance for credit losses for the Company's investment in leases is illustrated below (in thousands):

	Balance at December 31, 2025	Change in Allowance	Balance at March 31, 2026
Maryland Live! Lease	\$ 2,589	\$ 591	\$ 3,180
Pennsylvania Live! Master Lease	11,935	(1,167)	10,768
Rockford Lease	894	1,140	2,034
Tioga Downs Lease	3,573	644	4,217
Strategic Lease	3,142	838	3,980
Tropicana LV Lease	30,076	(2,091)	27,985
Totals	<u>\$ 52,209</u>	<u>\$ (45)</u>	<u>\$ 52,164</u>

	Balance at December 31, 2024	Change in Allowance	Balance at March 31, 2025
Maryland Live! Lease	\$ 8,732	\$ 5,696	\$ 14,428
Pennsylvania Live! Master Lease	18,471	12,286	30,757
Rockford Lease	3,077	2,041	5,118
Tioga Downs Lease	2,651	3,767	6,418
Strategic Lease	1,134	3,067	4,201
Tropicana LV Lease	23,681	9,157	32,838
Totals	<u>\$ 57,746</u>	<u>\$ 36,014</u>	<u>\$ 93,760</u>

The amortized cost basis of the Company's investment in leases, financing receivables by year of origination is shown below as of March 31, 2026 (in thousands):

Origination year	Investment in leases, financing receivables	Allowance for credit losses	Amortized cost basis at March 31, 2026	Allowance as a percentage of outstanding financing receivable
2025	\$ 185,192	\$ (1,798)	\$ 183,394	(0.97)%
2024	300,129	(6,399)	293,730	(2.13)%
2023	105,432	(2,034)	103,398	(1.93)%
2022	724,689	(10,768)	713,921	(1.49)%
2021	1,271,606	(3,180)	1,268,426	(0.25)%
Total	\$ 2,587,048	\$ (24,179)	\$ 2,562,869	(0.93)%

The amortized cost basis of the Company's investment in leases, sales type by year of origination is shown below as of March 31, 2026 (in thousands):

Origination year	Investment in leases, sales type	Allowance for credit losses	Amortized cost basis at March 31, 2026	Allowance as a percentage of outstanding financing receivable
2024	\$ 278,497	\$ (27,985)	250,512	(10.05)%

During the three months ended March 31, 2025, the Company recorded a provision for credit losses, net of \$36.0 million on the Investment in leases, financing receivables and sales type. The reason for the increase was primarily due to a more pessimistic forward looking economic forecast and weighting at March 31, 2025 compared to what was utilized at December 31, 2024.

Additionally, a benefit for credit losses of \$10.1 million and a provision for credit losses of \$3.2 million was recorded during the three months ended March 31, 2026 and March 31, 2025, respectively, on the Company's real estate loans and related loan commitment (See Note 5 for further details).

The reason for differences in the allowance as a percentage of outstanding financing receivable for leases originated in each calendar year in the table above depends on various factors for the leases such as, but not limited to expected rent coverage ratios and loan to value ratios. Future changes in economic projections, probability factors, changes in the estimated value of our real estate property and earnings assumptions at the underlying facilities may result in non-cash provisions or recoveries in future periods that could materially impact our results of operations.

4. Real Estate Investments, Net

Real estate investments, net, represent investments in rental properties and the corporate headquarters building (excluding our investments in transactions accounted for as real estate loans and investment in leases, financing receivables and investment in leases, sales-type that are described in Notes 5 and 3, respectively) and is summarized as follows:

	March 31, 2026	December 31, 2025
	(in thousands)	
Land and improvements	\$ 4,032,380	\$ 3,588,793
Building and improvements	7,629,958	7,353,409
Construction in progress	325,570	230,831
Total real estate investments	11,987,908	11,173,033
Less accumulated depreciation	(2,763,324)	(2,698,772)
Real estate investments, net	<u>\$ 9,224,584</u>	<u>\$ 8,474,261</u>

The increase in land and improvements and building and improvements relates to the acquisition of the Bally's Lincoln real estate assets, in addition to the landside development project for Bally's Marquette. Construction in progress primarily represents development funding along with related capitalized interest on the Company's development projects.

5. Real Estate Loans, Net

The Company entered into the Rockford Loan to fund the construction of the Hard Rock Casino Rockford in Rockford, Illinois. As of March 31, 2026 and December 31, 2025, the entire \$150 million commitment was drawn. On January 1, 2025, the Company amended the terms of the Rockford Loan to reduce the interest rate to 8% from 10% with a maturity date of June 30, 2026, subject to a 6 month extension.

The Company also entered into the Ione Loan for up to \$110 million, of which \$83.6 million and \$56.6 million was drawn as of March 31, 2026 and December 31, 2025, respectively. The Ione Loan has an 11% annual interest rate and matures in September 2029.

The Company also entered into the Dry Creek Loan on December 4, 2025, and \$45.3 million was drawn as of March 31, 2026 and December 31, 2025, respectively. The term loan B was issued at an original issue discount of 3% and bears interest at SOFR plus 900 basis points, subject to a SOFR floor of 1%. Each term loan has a maturity of 6 years.

As discussed in Note 1, the Company concluded that amounts funded and the commitment to fund the development of Virginia Live! should be accounted for as a loan and a loan commitment, respectively. Accordingly, the approximately \$27.0 million funded on January 15, 2026 to acquire the land for the project has been classified as a real estate loan, and interest income is recognized at an annual rate of 8.0%. Upon completion of construction and commencement of operations, the Company expects the arrangement to be evaluated under the sale-leaseback guidance in ASC 842 to determine the appropriate lease classification.

The following is a summary of the balances of the Company's Real estate loans, net.

	March 31, 2026	December 31, 2025
	(in thousands)	
Real estate loans (1)	\$ 304,629	\$ 250,515
Less: Allowance for credit losses	(4,920)	(2,516)
Real estate loans, net	<u>\$ 299,709</u>	<u>\$ 247,999</u>

(1) Includes an unearned discount of \$1.3 million and \$1.4 million at March 31, 2026 and December 31, 2025, respectively.

The change in the allowance for credit losses for the Company's Real estate loans is shown below (in thousands):

	Rockford Loan	Ione Loan	Dry Creek Loan	Cordish VA Loan	Total
Balance at December 31, 2025	\$ (1,279)	\$ (399)	\$ (838)	\$ —	(2,516)
Change in allowance	(1,616)	(246)	(294)	(248)	(2,404)
Ending balance at March 31, 2026	\$ (2,895)	\$ (645)	\$ (1,132)	\$ (248)	(4,920)

	Rockford Loan	Ione Loan	Total
Balance at December 31, 2024	\$ (4,487)	\$ (83)	(4,570)
Change in allowance	(2,939)	(67)	(3,006)
Ending balance at March 31, 2025	\$ (7,426)	\$ (150)	(7,576)

The amortized cost basis of the Company's real estate loans by year of origination is shown below as of March 31, 2026 (in thousands):

Origination year	Real estate loans, net	Allowance for credit losses	Amortized cost basis at March 31, 2026	Allowance as a percentage of outstanding real estate loans
2026	\$ 27,108	\$ (248)	\$ 26,860	(0.91)%
2025	43,968	(1,132)	42,836	(2.57)%
2024	83,553	(645)	82,908	(0.77)%
2023	150,000	(2,895)	147,105	(1.93)%
Total	\$ 304,629	\$ (4,920)	\$ 299,709	(1.62)%

The real estate loans are subject to CECL, which is described in Note 3. The Company recorded provision for credit losses of \$2.4 million and \$3.0 million for the three month period ended March 31, 2026 and March 31, 2025 on the Company's real estate loans, respectively. Additionally, the Company recorded a benefit of \$12.5 million and a provision of \$0.2 million during the three month period ended March 31, 2026 and March 31, 2025 on unfunded loan commitments. The benefit for the three month period ended March 31, 2026 was primarily due to an improvement in the estimated real estate values that will comprise the Company's real estate portfolio for the Virginia Live! development project. The reserves for the unfunded loan commitment are recorded in other liabilities on the Condensed Consolidated Balance Sheets and totaled \$4.3 million and \$16.8 million at March 31, 2026 and December 31, 2025, respectively. The Company's borrowers were current on their loan obligations as of March 31, 2026 and December 31, 2025.

6. Lease Assets and Lease Liabilities

Lease Assets

The Company is subject to various operating leases as lessee for both real estate and equipment, the majority of which are ground leases related to properties the Company leases to its tenants under triple-net operating leases. These ground leases may include fixed rent, as well as variable rent based upon an individual property's performance or changes in an index such as the CPI, and have maturity dates ranging from 2038 to 2108, when considering all renewal options. For certain of these ground leases, the Company's tenants are responsible for payment directly to the third-party landlord. Under ASC 842, the Company is required to gross-up its condensed consolidated financial statements for these ground leases as the Company is considered the primary obligor. In conjunction with the adoption of ASU 2016-02 on January 1, 2019, the Company recorded right-of-use assets and related lease liabilities on its condensed consolidated balance sheets to represent its rights to use the underlying leased assets and its future lease obligations, respectively, including for those ground leases paid directly by our tenants. Because the right-of-use asset relates, in part, to the same leases which resulted in the land right assets the Company recorded on its condensed consolidated balance sheets in conjunction with the Company's assumption of below market leases at the time it acquired the related land and building assets, the Company is required to report the right-of-use assets and land rights in the aggregate on the Condensed Consolidated Balance Sheets.

Land rights, net represent the Company's rights to land subject to long-term ground leases. The Company obtained ground lease rights through the acquisition of several of its rental properties and immediately subleased the land to its tenants. These land rights represent the below market value of the related ground leases. The Company assessed the acquired ground leases to determine if the lease terms were favorable or unfavorable, given market conditions at the acquisition date. Because the market rents to be received under the Company's triple-net tenant leases were greater than the rents to be paid under the acquired ground leases, the Company concluded that the ground leases were below market and were therefore required to be recorded as a definite lived asset (land rights) on its books.

Components of the Company's right-of use assets and land rights, net are detailed below (in thousands):

	March 31, 2026	December 31, 2025
Right-of use assets - operating leases	\$ 241,345	\$ 242,053
Land rights, net	825,840	830,110
Right-of-use assets and land rights, net	\$ 1,067,185	\$ 1,072,163

Land Rights

The land rights are amortized over the individual lease term of the related ground lease, including all renewal options, which ranged from 10 years to 92 years at their respective acquisition dates. Land rights net, consist of the following:

	March 31, 2026	December 31, 2025
	(in thousands)	
Land rights	\$ 948,303	\$ 948,303
Less accumulated amortization	(122,463)	(118,193)
Land rights, net	\$ 825,840	\$ 830,110

As of March 31, 2026, estimated future amortization expense related to the Company's land rights by fiscal year is as follows (in thousands):

<u>Year ending December 31,</u>	
2026 (remainder of year)	\$ 12,810
2027	17,079
2028	17,079
2029	17,079
2030	17,079
Thereafter	744,714
Total	\$ 825,840

Operating Lease Liabilities

At March 31, 2026, payments under the Company's operating lease liabilities were as follows (in thousands):

<u>Year ending December 31,</u>	
2026 (remainder of year)	\$ 12,968
2027	16,786
2028	16,673
2029	16,710
2030	16,723
Thereafter	771,201
Total lease payments	\$ 851,061
Less: interest	(609,296)
Present value of lease liabilities	\$ 241,765

Lease Expense

Operating lease costs represent the entire amount of expense recognized for operating leases that are recorded on the condensed consolidated balance sheets. Variable lease costs are not included in the measurement of the lease liability and include both lease payments tied to a property's performance and changes in an index such as the CPI that are not determinable at lease commencement, while short-term lease costs are costs for those operating leases with a term of 12 months or less.

The components of lease expense were as follows (in thousands):

	Three Months Ended March 31,	
	2026	2025
Operating lease cost	\$ 4,315	\$ 4,315
Variable lease cost	5,213	4,970
Amortization of land right assets	4,270	4,270
Total lease cost	\$ 13,798	\$ 13,555

Amortization expense related to the land right intangibles, as well as variable lease costs and the Company's operating lease costs are recorded within land rights and ground lease expense in the condensed consolidated statements of income.

Supplemental Disclosures Related to Leases

Supplemental balance sheet information related to the Company's operating leases was as follows:

	<u>March 31, 2026</u>
Weighted average remaining lease term - operating leases	52.26 years
Weighted average discount rate - operating leases	6.26%

Supplemental cash flow information related to the Company's operating leases was as follows:

	Three Months Ended March 31,	
	2026	2025
	(in thousands)	
Cash paid for amounts included in the measurement of lease liabilities:		
Operating cash flows from operating leases ⁽¹⁾	\$ 418	\$ 415

⁽¹⁾The Company's cash paid for operating leases is significantly less than the lease cost for the same period due to the majority of the Company's ground lease rent being paid directly to the landlords by the Company's tenants. Although GLPI expends no cash related to these leases, they are required to be grossed up in the Company's condensed consolidated financial statements under ASC 842.

Financing Lease Liabilities

In connection with the acquisition of certain real property assets included in the Maryland Live! Lease and the Strategic Gaming Leases, the Company acquired the rights to land subject to long-term ground leases which expire in June 2111 and April 2062, respectively. As these leases were accounted for as Investment in leases, financing receivables, the underlying ground leases were accounted for as Financing lease liabilities on the Condensed Consolidated Balance Sheets. In accordance with ASC 842, the Company records revenue for the ground lease rent paid by its tenant with an offsetting expense in interest expense as the Company has concluded that as the lessee it is the primary obligor under the ground leases. The Company's weighted average discount rate on the fixed minimum annual payments was 5.07% to arrive at the initial lease obligations. At March 31, 2026, payments under the Company's financing lease liabilities were as follows (in thousands):

2026 (remainder of year)	\$ 2,038
2027	2,735
2028	2,758
2029	2,782
2030	2,805
Thereafter	308,234
Total lease payments	\$ 321,352
Less: Interest	(260,035)
Present value of finance lease liability	\$ 61,317

7. Long-term Debt

Long-term debt is as follows:

	March 31, 2026	December 31, 2025
	(in thousands)	
Unsecured \$2,090 million revolver due December 2028	\$ 330,793	\$ 331,624
2022 Term Loan Agreement due September 2027	—	600,000
2026 Term Loan due December 2028	679,000	—
\$500 million 5.750% senior unsecured notes due June 2028	500,000	500,000
\$750 million 5.300% senior unsecured notes due January 2029	750,000	750,000
\$700 million 4.000% senior unsecured notes due January 2030	700,000	700,000

\$800 million 3.250% senior unsecured notes due January 2032	800,000	800,000
\$600 million 5.250% senior unsecured notes due February 2033	600,000	600,000
\$400 million 6.750% senior unsecured notes due December 2033	400,000	400,000
\$800 million 5.625% senior unsecured notes due September 2034	800,000	800,000
\$800 million 5.625% senior unsecured notes due March 2036	800,000	—
\$700 million 5.750% senior unsecured notes due November 2037	700,000	700,000
\$400 million 6.250% senior unsecured notes due September 2054	400,000	400,000
Other	70	140
Total long-term debt	8,159,863	7,281,764
Less: unamortized debt issuance costs, bond premiums and original issuance discounts	(84,849)	(78,033)
Total long-term debt, net of unamortized debt issuance costs, bond premiums and original issuance discounts	\$ 8,075,014	\$ 7,203,731

The following is a schedule of future minimum repayments of long-term debt as of March 31, 2026 (in thousands):

2026 (remainder of year)	\$ 2,563
2027	3,325
2028	1,503,975
2029	750,000
2030	700,000
Over 5 years	5,200,000
Total minimum payments	\$ 8,159,863

Credit Agreement and Term Loan

On March 4, 2026, GLP Capital entered into an amendment to the credit agreement among GLP Capital, Wells Fargo Bank, National Association, as administrative agent, and the several banks and other financial institutions or entities party thereto, dated as of May 13, 2022 (the "Credit Agreement"). Pursuant to the amendment, GLP Capital borrowed a new \$679 million term loan (the "2026 Term Loan"), the proceeds of which were used to repay \$679 million of outstanding bridge revolving loans (without any corresponding reduction in revolving commitments). The 2026 Term Loan matures on December 2, 2028, subject to two six-month extensions at GLP Capital's option.

The interest rates per annum applicable to the 2026 Term Loan are, at GLP Capital's option, equal to either a Secured Overnight Financing Rate ("SOFR") based rate or a base rate plus an applicable margin, which ranges from 0.850% to 1.70% per annum for SOFR loans and 0.0% to 0.7% per annum for base rate loans, in each case, depending on the credit ratings assigned to the credit facility under the Credit Agreement. The weighted average interest rate under the 2026 Term Loan at March 31, 2026 was 4.96%.

The 2026 Term Loan is not subject to interim amortization. GLP Capital is not required to repay the 2026 Term Loan prior to maturity but may prepay all or any portion of the 2026 Term Loan prior to maturity without premium or penalty.

subject to reimbursement of any SOFR breakage costs of the lenders. Amounts repaid under the 2026 Term Loan may not be reborrowed.

The 2026 Term Loan is subject to the representations and warranties, affirmative covenants, negative covenants, financial covenants and events of default set forth in the Credit Agreement and applicable to the revolving loans therein.

On March 4, 2026, GLP Capital repaid in full the \$600 million outstanding obligations under the term loan credit agreement among GLP Capital, Wells Fargo Bank, National Association, as administrative agent, and the several banks and other financial institutions or entities party thereto, dated as of September 2, 2022 (the "2022 Term Loan Agreement"). All of GLP Capital's and GLPI's obligations under the 2022 Term Loan Agreement have been paid and discharged in full and all guarantees granted by GLPI and any other party in connection with the 2022 Term Loan Agreement have been released (other than with respect to customary provisions and agreements that are expressly specified to survive the termination). GLP Capital and GLPI did not incur any early termination penalties in connection with repayment of the indebtedness or termination.

The Company's Credit Agreement provides a revolving commitment capacity of \$2.09 billion with a maturity date of December 2, 2028 (the "Revolver"). GLP Capital is the primary obligor under the Credit Agreement, which is guaranteed by GLPI.

At March 31, 2026, \$330.8 million was outstanding under the Company's Revolver. After giving effect to contingent obligations under letters of credit with face amounts aggregating approximately \$0.4 million, the Company had \$1,758.8 million of available borrowing capacity under the Revolver as of March 31, 2026. The weighted average interest rate under the Revolver at March 31, 2026 was 4.97%.

Senior Unsecured Notes

At March 31, 2026, the Company had \$7,150.0 million of outstanding senior unsecured notes (the "Senior Notes"). During the three months ended March 31, 2026, the Company issued \$800 million of 5.625% Senior Notes that will mature on March 1, 2036 at an issue price of 99.857% of the principal amount. The proceeds of the offering were utilized to repay the 2022 Term Loan Agreement and for working capital and general corporate purposes.

At March 31, 2026, the Company was in compliance with all required financial covenants on its debt obligations.

8. Fair Value of Financial Assets and Liabilities

Fair value is defined as the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. Assets and liabilities recorded at fair value are classified based upon the level of judgment associated with the inputs used to measure their fair value. ASC 820 - *Fair Value Measurements and Disclosures* ("ASC 820") establishes a hierarchy that prioritizes fair value measurements based on the types of inputs used for the various valuation techniques (market approach, income approach, and cost approach). The levels of the hierarchy related to the subjectivity of the valuation inputs are described below:

- Level 1: Observable inputs such as quoted prices in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly; these include quoted prices for similar assets or liabilities in active markets, such as interest rates and yield curves that are observable at commonly quoted intervals.
- Level 3: Unobservable inputs that reflect the reporting entity's own assumptions, as there is little, if any, related market activity.

The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of assets and liabilities and their placement within the fair value hierarchy.

Assets and Liabilities Measured at Fair Value on a Recurring Basis

The following methods and assumptions are used to estimate the fair value of each class of financial instruments for which it is practicable to estimate.

Cash and Cash Equivalents

The fair value of the Company's cash and cash equivalents approximates the carrying value of the Company's cash and cash equivalents, due to the short maturity of the cash equivalents.

Investment in Leases, Financing Receivables, net

The fair value of the Company's investment in leases, financing receivables, net is based on the value of the underlying real estate property the Company owns under these leases. The initial fair value was the price paid by the Company to acquire the real estate. The initial fair value is then adjusted for changes in the commercial real estate price index and as such is a Level 3 measurement as defined under ASC 820.

Investment in Leases, Sales Type, Net

The fair value of the Company's investment in leases, sales type, net was initially based on a third party valuation report which utilized both market based and income based valuation approaches to value the underlying land related to the applicable lease at the lease reassessment date. Subsequent changes in the fair value from this date are based on changes in the commercial real estate price index. As such, this was determined to be a Level 3 measurement as defined under ASC 820.

Deferred Compensation Plan Assets

The Company's deferred compensation plan assets consist of open-ended mutual funds and as such the fair value measurement of the assets is considered a Level 1 measurement as defined under ASC 820. Deferred compensation plan assets are included within other assets on the condensed consolidated balance sheets.

Real Estate Loans, Net

The Company estimates the fair value of its fixed-rate loan portfolio for disclosure purposes using a discounted cash flow methodology. Fair value is estimated by discounting the loans' remaining contractual cash flows using current market rates as of the measurement date for loans with similar credit characteristics and remaining terms. As a result, the estimated fair value is primarily driven by movements in market interest rates since origination, along with the remaining maturity and payment structure of the loans. The Company's variable-rate loans reprice to market at regular intervals and therefore the Company believes the carrying amount approximates its fair value. The fair value measurement of the real estate loans is considered a Level 3 measurement as defined in ASC 820.

Long-term Debt

The fair value of the Senior Notes are estimated based on quoted prices in active markets and as such is a Level 1 measurement as defined under ASC 820. The fair value of the obligations in our Credit Agreement is based on indicative pricing from market information (Level 2 inputs).

The estimated fair values of the Company's financial instruments are as follows (in thousands):

	March 31, 2026		December 31, 2025	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial assets:				
Cash and cash equivalents	\$ 274,513	\$ 274,513	\$ 224,314	\$ 224,314
Investment in leases, financing receivables, net	2,562,869	2,273,699	2,557,504	2,150,560
Investment in leases, sales type, net	250,512	284,045	248,421	268,107
Real estate loans, net	299,709	303,654	247,999	250,689
Deferred compensation plan assets	45,871	45,871	46,154	46,154
Financial liabilities:				
Long-term debt:				
Credit Agreement and Term Loans	1,009,793	1,009,793	931,624	931,624
Senior Notes	7,150,000	6,956,936	6,350,000	6,295,709

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

There were no assets or liabilities measured at fair value on a nonrecurring basis during the three months ended March 31, 2026 and 2025.

9. Commitments and Contingencies

Litigation

The Company is subject to various legal and administrative proceedings relating to personal injuries, employment matters, commercial transactions, and other matters arising in the normal course of business. The Company does not believe that the final outcome of these matters will have a material adverse effect on the Company's consolidated financial position or results of operations. The majority of these matters are subject to indemnification and defense obligations of our tenants. The Company maintains what it believes is adequate insurance coverage to further mitigate the risks of such proceedings. However, such proceedings can be costly, time consuming, and unpredictable and, therefore, no assurance can be given that the final outcome of such proceedings may not materially impact the Company's financial condition, results of operations or liquidity. Further, no assurance can be given that the amount or scope of existing insurance coverage will be sufficient to cover losses arising from such matters.

Funding commitments

As of March 31, 2026, we have entered into various commitments or call rights to finance/acquire future investments in gaming and related facilities for our tenants. These are detailed in the table below. Our tenants retain the option to decline our financing for certain projects and may seek alternative financing solutions. The inclusion of a commitment in this disclosure does not guarantee that the financing will be utilized by the tenant in circumstances where a tenant has the option. See Note 1 in the Notes to the Condensed Consolidated Financial Statements for further details.

Description	Maximum Commitment amount	Amount funded at March 31, 2026
Relocation of Hollywood Casino Aurora ⁽¹⁾	\$225 million	None
Funding associated with a landside move at Ameristar Casino Council Bluffs ⁽²⁾	\$150 million	None
Potential transaction at the former Tropicana Las Vegas site with Bally's	\$175 million	\$48.5 million
Real estate construction costs for Bally's Chicago	\$940 million	\$299.6 million
Construction costs for the landside development project at Bally's Marquette	\$16.5 million	\$16.5 million
Ione Loan to fund a new casino development near Sacramento, California	\$110 million	\$83.6 million
Funding associated with the future site and construction for Live! Virginia Casino & Hotel	\$467 million	\$27.0 million
Delayed draw term loan for Dry Creek Rancheria Resort development	\$180 million	None

⁽¹⁾ PENN anticipates completing the relocation of its Aurora, Illinois riverboat casino to a land-based facility on June 24, 2026, pending customary regulatory approvals. The Company anticipates funding \$225 million at a 7.75% capitalization rate for this project on or about June 24, 2026.

⁽²⁾ The Company has agreed to fund, if requested by PENN in their sole discretion, on or before March 31, 2029, construction improvements in an amount not to exceed the greater of (i) the hard costs associated with the project and (ii) \$150.0 million at a 7.10% capitalization rate.

10. Revenue Recognition

Lease terms

Under ASC 842, the Company is required at lease inception (and if applicable at a lease reassessment date) to determine the term of the lease. This requires concluding whether it is reasonably assured that our tenants will exercise their renewal options contained within the lease. The initial lease term is a key judgment that is utilized in the lease classification test to determine whether the lease is an operating lease, sales type lease or direct financing lease. The Company currently has

not included tenant renewal options in its determination of the initial lease term. The Company assesses whether to include tenant renewal options in its calculation of the lease term based on several factors, including but not limited to, whether its tenants' leases represent substantially all of the tenants' earnings and revenues, the ability of its tenants to sell their leased operations for fair value and whether the initial term of its leases is for a significant period of time.

Details of the Company's income from real estate for the three months ended March 31, 2026 was as follows (in thousands):

	Three Months Ended March 31, 2026
Building base rent	\$ 328,551
Land base rent	49,650
Percentage rent and other rental revenue	18,267
Interest income on real estate loans	6,923
Total cash income	\$ 403,391
Straight-line rent adjustments	(471)
Ground rent in revenue	9,653
Accretion on financing receivables	7,412
Total income from real estate	\$ 419,985

As of March 31, 2026, the future minimum rental income from the Company's rental properties under non-cancelable operating leases, including any reasonably assured renewal periods, was as follows (in thousands):

<u>Year ending December 31,</u>	<u>Future Rental Payments Receivable</u>	<u>Straight-Line Rent Adjustments (1)</u>	<u>Future Base Ground Rents Receivable</u>	<u>Future Income to be Recognized Related to Operating Leases</u>
2026 (remainder of year)	\$ 1,003,995	\$ 38,440	\$ 11,714	\$ 1,054,149
2027	1,339,168	47,136	15,154	1,401,458
2028	1,341,561	39,999	15,036	1,396,596
2029	1,323,861	33,983	15,036	1,372,880
2030	1,329,976	27,868	15,043	1,372,887
Thereafter	4,345,839	(23,493)	58,509	4,380,855
Total	<u>\$ 10,684,400</u>	<u>\$ 163,933</u>	<u>\$ 130,492</u>	<u>\$ 10,978,825</u>

(1) Includes a tenant improvement allowance that is being amortized over the life of a tenant lease and excludes deferred income on the Bally's Chicago Land Lease as the facility is under development and as such is not ready for its intended use.

The table above presents the cash rent the Company expects to receive from its tenants, offset by adjustments to recognize this rent on a straight-line basis over the lease term. The Company also includes the future non-cash revenue it expects to recognize from the fixed portion of tenant paid ground leases in the table above. See Note 3 for the future contractual cash receipts to be received by the Company under its Investment in leases.

The Company may periodically loan funds to casino owner-operators for the purchase of real estate. Interest income related to real estate loans is recorded as revenue from real estate within the Company's consolidated statements of income in the period earned. See Note 5 for further details.

11. Earnings Per Share

The Company calculates earnings per share ("EPS") in accordance with ASC 260 - *Earnings per Share* ("ASC 260"). Basic EPS is computed by dividing net income applicable to common stock by the weighted-average number of common shares outstanding during the period, excluding net income attributable to participating securities in accordance with the two class method. The Company's participating securities are related to certain employee equity awards that receive non-forfeitable dividends. Specifically, time based restricted stock awards receive non-forfeitable dividends equivalent to what common shareholders receive during these awards vesting periods. Diluted EPS for the Company's common stock is computed using the more dilutive of the two-class method or the treasury stock method. Diluted EPS reflects the additional dilution for all

potentially-dilutive securities. The effect of the conversion of the LTIP Units and OP Units to common shares is excluded from the computation of basic and diluted earnings per share because the exchange of LTIP Units and OP Units into common stock is on a one-for-one basis and all net income attributable to the non-controlling interest holders are recorded as income attributable to non-controlling interests and thus is excluded from net income available to common shareholders. In accordance with ASC 260, the Company includes all performance-based restricted shares that would have vested based upon the Company's performance at quarter-end in the calculation of diluted EPS.

The following table reconciles the weighted-average common shares outstanding used in the calculation of basic EPS to the weighted-average common shares outstanding used in the calculation of diluted EPS for the three months ended March 31, 2026 and 2025:

	Three Months Ended March 31,	
	2026	2025
(in thousands)		
Determination of shares:		
Weighted-average common shares outstanding	283,219	274,827
Assumed conversion of restricted stock awards (1)	79	86
Assumed conversion of performance-based restricted stock awards	75	327
Dilution attributable to equity forward contract	183	163
Diluted weighted-average common shares outstanding	<u>283,556</u>	<u>275,403</u>

The following table presents the calculation of basic and diluted EPS for the Company's common stock for the three months ended March 31, 2026 and 2025:

	Three Months Ended March 31,	
	2026	2025
(in thousands, except per share data)		
Calculation of basic EPS:

Diluted EPS	\$ 0.82	\$ 0.60
Antidilutive securities excluded from the computation of diluted earnings per share		
	110	8

(1) During the three months ended March 31, 2026, these awards which are participating securities were accounted for under the two class method and excluded from diluted shares as they are a separate class.

12. Equity

Common stock issuance

On May 2, 2025, the Company entered into a new continuous equity offering program under which the Company may sell up to an aggregate of \$1.25 billion of its common stock from time to time through a sales agent in "at the market" offerings (the "2025 ATM Program"). The issuance of securities through the 2025 ATM Program will depend on a variety of factors, including market conditions, the trading price of the Company's common stock and determinations of the appropriate sources of funding. The Company may sell the shares in amounts and at times to be determined by the Company, but has no obligation to sell any of the shares in the 2025 ATM Program. The 2025 ATM Program also allows the Company to enter into forward sale agreements. In no event will the aggregate number of shares sold under the 2025 ATM Program (whether under any forward sale agreement or through a sales agent), have an aggregate sales price in excess of \$1.25 billion. The Company expects, that if it enters into a forward sale contract, to physically settle each forward sale agreement with the forward purchaser on one or more dates specified by the Company prior to the maturity date of that particular forward sale agreement, in which case the aggregate net cash proceeds at settlement will equal the number of shares underlying the particular forward sale agreement multiplied by the relevant forward sale price. However, the Company may also elect to cash settle or net share settle a particular forward sale agreement, in which case cash proceeds may or may not be received or cash may be owed to the forward purchaser.

In connection with the 2025 ATM Program, the Company would engage a sales agent who may receive compensation of up to 2% of the gross sales price of the shares sold. Similarly, in the event the Company enters into a forward sale agreement, it will pay the relevant forward seller a commission of up to 2% of the sales price of all borrowed shares of common stock sold during the applicable selling period of the forward sale agreement.

The Company has sold 7,589,487 shares of common stock under forward sale agreements, that will raise gross proceeds of \$363.3 million subject to certain contractual adjustments. No amounts are recorded on the Company's balance sheet until the forward is settled (which contractually matures in the third quarter of 2026 but may be settled prior to this time period at the Company's election). Until settlement of the forward sale agreements, earnings per share dilution resulting from the forward sale agreements will be determined under the treasury stock method. Share dilution occurs when the average market price of the Company's common stock is higher than the average forward sales price (which is reduced by the maximum specified fixed amounts in the contracts). Reflecting the impact of these forward sale agreements, the Company has \$886.7 million remaining for issuance under the 2025 ATM Program.

The forward sale agreements require the Company to, at its election prior to one year from the commencement of each forward sale agreement, physically settle the transactions by issuing shares of its common stock to the forward counterparty in exchange for net proceeds at the then applicable forward sale price specified by the forward sale agreements. The forward sale price is subject to adjustment on a daily basis based on a floating interest rate factor and will decrease by other specified fixed amounts.

Non-controlling interests

As partial consideration for the closing of various real property assets over the past few years, the Company's operating partnership has issued OP Units. The OP Units are exchangeable for common shares of the Company on a one-for-one basis, subject to certain terms and conditions. As partial consideration for the closing of the real property assets under the Bally's Master Lease II that occurred on February 11, 2026, the Company's operating partnership issued 332,890 newly-issued OP Units to affiliates of Bally's which were valued at \$15.4 million. As of March 31, 2026, the Company holds a 96.8% controlling financial interest in the operating partnership. The operating partnership is a VIE in which the Company is the primary beneficiary because it has the power to direct the activities of the VIE that most significantly impact the partnership's economic performance and has the obligation to absorb losses of the VIE that could be potentially significant to the VIE and the right to receive benefits from the VIE that could potentially be significant to the VIE. Therefore, the Company consolidates the accounts of the operating partnership, and reflects the third party ownership in this entity as a non-controlling interest in the Condensed Consolidated Balance Sheets. The Company paid \$6.9 million and \$6.3 million in distributions to the non-controlling interest holders concurrently with the dividends paid to the Company's common shareholders, during the three month periods ended March 31, 2026 and March 31, 2025, respectively.

The Company's net income or loss is allocated to noncontrolling interests based on the respective ownership or voting percentage in the Operating Partnership associated with such noncontrolling interests and is removed from consolidated income or loss on the Condensed Consolidated Statements of Operations in order to derive net income or loss attributable to common stockholders. The noncontrolling ownership percentage is calculated by dividing the aggregate number of LTIP Units and OP Units by the total number of units and shares outstanding.

Accumulated Other Comprehensive Income (Loss)

As discussed in Note 2 in the Company's 10-K, the Company had derivative instruments designated as cash flow hedges which it terminated in connection with the August 2025 issuance of Senior Notes. The amount in other comprehensive income before reclassifications is being amortized as a reduction in interest expense over ten years, which was the life of the derivative instruments. The amount expected to be amortized out of other comprehensive income to interest expense over the next 12 months is \$0.1 million.

Dividends

The following table lists the dividends declared and paid by the Company during the three months ended March 31, 2026 and 2025:

Declaration Date	Shareholder Record Date	Securities Class	Dividend Per Share	Period Covered	Distribution Date	Dividend Amount (in thousands)
2026						
February 18, 2026	March 13, 2026	Common Stock	\$0.78	First Quarter 2026	March 27, 2026	\$220,913
2025						
February 13, 2025	March 14, 2025	Common Stock	\$0.76	First Quarter 2025	March 28, 2025	\$208,873

In addition, for the three months ended March 31, 2026 and March 31, 2025, dividend payments were made to GLPI restricted stock award holders in the amount of \$0.2 million and \$0.2 million, respectively.

13. Stock-Based Compensation

The Company accounts for stock compensation under ASC 718 - *Compensation - Stock Compensation*, which requires the Company to expense the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award. This expense is recognized ratably over the requisite service period following the date of grant. The fair value of the Company's time-based restricted stock and time-based LTIP awards are equivalent to the closing stock price on the day prior to grant. The Company utilizes a third party valuation firm to measure the fair value of performance-based restricted stock awards and performance-based LTIP awards at the grant date using a Monte Carlo simulation model.

As of March 31, 2026, there was \$5.1 million of total unrecognized compensation cost for time based restricted stock awards that will be recognized over the grants' remaining weighted average vesting period of 1.68 years. For the three months ended March 31, 2026, the Company recognized \$2.1 million of compensation expense associated with these awards, compared to \$2.2 million for the three months ended March 31, 2025, within general and administrative expenses on the Company's Condensed Consolidated Statements of Operations and Comprehensive Income.

The following table contains information on time based restricted stock award activity for the three months ended March 31, 2026:

	Number of Award Shares
Outstanding at December 31, 2025	217,234
Granted	126,946
Released	(145,195)
Outstanding at March 31, 2026	198,985

Performance-based restricted stock awards have a three-year cliff vesting with the amount of restricted shares vesting at the end of the three-year period determined based upon the Company's performance as measured against its peers. More specifically, the percentage of shares vesting at the end of the measurement period will be based on the Company's three-year total shareholder return measured against the three-year total shareholder return of the companies included in the MSCI US REIT index and the Company's stock performance ranking among a group of triple-net REIT peer companies. As of March 31, 2026, there was \$10.6 million of total unrecognized compensation cost, which will be recognized over the performance-based restricted stock awards' remaining weighted average vesting period of 1.74 years. For the three months ended March 31, 2026,

the Company recognized \$2.0 million of compensation expense associated with these awards within general and administrative expenses on the Company's Condensed Consolidated Statements of Operations and Comprehensive Income compared to \$3.1 million for the corresponding periods in the prior year.

The following table contains information on performance-based restricted stock award activity for the three months ended March 31, 2026:

	Number of Performance-Based Award Shares
Outstanding at December 31, 2025	1,162,000
Granted	141,000
Released	(179,557)
Canceled	(274,443)
Outstanding at March 31, 2026	<u>849,000</u>

As of March 31, 2026, there was \$2.1 million of total unrecognized compensation cost for time based LTIP awards that will be recognized over the grants' remaining weighted average vesting period of 2.56 years. For the three months ended March 31, 2026 and March 31, 2025, the Company recognized \$2.7 million and \$2.8 million, respectively, of compensation expense associated with these awards within general and administrative expenses on the Company's Condensed Consolidated Statements of Operations and Comprehensive Income.

The following table contains information on time based LTIP award activity for the three months ended March 31, 2026:

	Number of Time-Based LTIP Awards
Outstanding at December 31, 2025	70,000
Granted	96,000
Released	(23,334)
Outstanding at March 31, 2026	<u>142,666</u>

Performance-based LTIP awards have a three-year cliff vesting schedule with the amount of LTIP awards vesting at the end of the three-year period determined based upon the Company's performance as measured against its peers. More specifically, the percentage of shares vesting at the end of the measurement period will be based on the Company's three-year total shareholder return measured against the three-year total shareholder return of the companies included in the MSCI US REIT index and the Company's stock performance ranking among a group of triple-net REIT peer companies. As of March 31, 2026, there was \$13.1 million of total unrecognized compensation cost, which will be recognized over the performance-based LTIP awards' remaining weighted average vesting period of 2.42 years. For the three months ended March 31, 2026 and March 31, 2025, the Company recognized \$1.4 million and \$0.8 million of compensation expense associated with these awards within general and administrative expenses on the Company's Condensed Consolidated Statements of Operations and Comprehensive Income.

The following table contains information on performance-based LTIP award activity for the three months ended March 31, 2026:

	Number of Performance-Based LTIP Awards
Outstanding at December 31, 2025	280,000
Granted	384,000
Outstanding at March 31, 2026	<u>664,000</u>

14. Supplemental Disclosures of Cash Flow Information and Noncash Activities

Supplemental disclosures of cash flow information are as follows:

	Three Months Ended March 31,	
	2026	2025
	(in thousands)	
Cash paid for interest	\$ 116,490	\$ 125,872

Noncash Investing and Financing Activities

On February 11, 2026, as partial consideration for the acquisition of the real property assets of Bally's Lincoln, the Company's operating partnership issued 332,890 newly-issued OP units to an affiliate of Bally's which were valued at \$15.4 million for accounting purposes at closing.

15. Acquisitions

The Company accounts for its acquisitions of real estate assets as asset acquisitions under ASC 805 - *Business Combinations*. Under asset acquisition accounting, incremental transaction costs incurred to acquire the purchased assets are also included as part of the asset cost.

As discussed in Note 1, the Company completed the purchase of the real property assets of Bally's Lincoln and the properties were leased back to Bally's subject to the terms of the Bally's Master Lease II. The Company paid cash of \$688.0 million and issued 332,890 OP Units valued at \$15.4 million based on the Company's closing stock price at the acquisition date. The purchase price allocation of these assets based on their fair values at the acquisition date are summarized below (in thousands).

Land and improvements	\$ 443,587
Building and improvements	259,810
Total purchase price	<u>\$ 703,397</u>

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of the financial position and operating results of Gaming and Leisure Properties, Inc. for the three months ended March 31, 2026 should be read in conjunction with the Financial Statements and related notes thereto and other financial information contained elsewhere in this Quarterly Report on Form 10-Q and the audited consolidated financial statements and related notes for the year ended December 31, 2025. All defined terms included herein have the same meaning as those set forth in the Notes to the Consolidated Financial Statements contained within this Quarterly Report on Form 10-Q.

Cautionary Note Regarding Forward-Looking Statements

Forward-looking statements in this document are subject to known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements of Gaming and Leisure Properties, Inc. ("GLPI") and its subsidiaries (collectively with GLPI, the "Company") to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Forward-looking statements include information concerning the Company's business strategy, plans, goals and objectives.

Forward-looking statements in this document include, but are not limited to, statements regarding our ability to grow our portfolio of gaming facilities. In addition, statements preceded by, followed by or that otherwise include the words "believes," "expects," "anticipates," "intends," "projects," "estimates," "plans," "may increase," "may fluctuate," and similar expressions or future or conditional verbs such as "will," "should," "would," "may" and "could" are generally forward-looking in nature and not historical facts. You should understand that the following important factors could affect future results and could cause actual results to differ materially from those expressed in such forward-looking statements:

- our or our partner's ability to successfully complete construction of various casino projects currently under development for which we have agreed to provide construction development funding, including Bally's Chicago (as defined below), and the ability and willingness of our partners to meet and/or perform their respective obligations under the applicable construction financing and/or development documents;
- the impact that higher inflation rates and interest rates and uncertainty with respect to the future state of the economy could have on discretionary consumer spending, including the casino operations of our tenants;
- unforeseen consequences related to United States ("U.S.") government, economic, monetary or trade policies and stimulus packages on inflation rates, interest rates and economic growth;
- geopolitical events, including recent conflicts in the Middle East, and their potential impact on U.S. Treasury yields and inflation rates;
- the ability of our tenants to maintain the financial strength and liquidity necessary to satisfy their respective obligations and liabilities to third parties, including, without limitation, to satisfy obligations under their existing credit facilities and other indebtedness;
- the availability of and the ability to identify suitable and attractive acquisition and development opportunities and the ability to acquire and lease the respective properties on favorable terms;
- the degree and nature of our competition;
- the ability to receive, or delays in obtaining, the regulatory approvals required to own and/or operate our properties, or other delays or impediments to completing our planned acquisitions or projects;
- the potential of a new pandemic or similar national health crisis, including its effect on the ability or desire of people to gather in large groups (including in casinos), which could impact our financial results, operations, outlooks, plans, goals, growth, cash flows, liquidity, and stock price;
- our ability to maintain our status as a real estate investment trust ("REIT"), given the highly technical and complex Internal Revenue Code (the "Code") provisions for which only limited judicial and administrative authorities exist,

where even a technical or inadvertent violation could jeopardize REIT qualification and where requirements may depend in part on the actions of third parties over which the Company has no control or only limited influence;

- the satisfaction of certain asset, income, organizational, distribution, shareholder ownership and other requirements on a continuing basis in order for the Company to maintain its REIT status;
- the ability and willingness of our tenants and other third parties to meet and/or perform their obligations under their respective contractual arrangements with us, including lease and note requirements and in some cases, their obligations to indemnify, defend and hold us harmless from and against various claims, litigation and liabilities;
- the ability of our tenants to comply with laws, rules and regulations in the operation of our properties, to deliver high quality services, to attract and retain qualified personnel and to attract customers;
- the ability to generate sufficient cash flows to service and comply with financial covenants under our outstanding indebtedness;
- our ability to access capital through debt and equity markets in amounts and at rates and costs acceptable to GLPI, including for the satisfaction of our funding commitments to the extent drawn by our partners, acquisitions or refinancings due to maturities;
- the ability of our tenants to decline our funding commitments by seeking alternative financing solutions and/or if our tenants do elect to utilize our funding commitments, the amounts drawn and the timing of these draws may be different than what the Company assumed;
- adverse changes in our credit rating;
- the availability of qualified personnel and our ability to retain our key management personnel;
- changes in the U.S. tax law and other federal, state or local laws, whether or not specific to real estate, REITs or the gaming, lodging or hospitality industries;
- changes in accounting standards;
- the impact of weather or climate events or conditions, natural disasters, acts of terrorism and other international hostilities, war (including the current conflict between Russia and Ukraine and conflicts in the Middle East) or political instability;
- the risk that the historical financial statements included herein do not reflect what the business, financial position or results of operations of GLPI may be in the future;
- other risks inherent in the real estate business, including potential liability relating to environmental matters and illiquidity of real estate investments; and
- additional factors as discussed in the Company's Annual Report on Form 10-K for the year ended December 31, 2025 (the "Annual Report"), in this Quarterly Report on Form 10-Q and Current Reports on Form 8-K as filed with the United States Securities and Exchange Commission.

You should consider the areas of risk described above, as well as those set forth in the "Risk Factors" section in the Company's Annual Report and this Quarterly Report on Form 10-Q, in connection with considering any forward-looking statements that may be made by the Company generally. Other unknown or unpredictable factors may also cause actual results to differ materially from those projected by the forward-looking statements. Most of these factors are difficult to anticipate and are generally beyond the control of the Company. Except for the ongoing obligations of the Company to disclose material information under the federal securities laws, the Company does not undertake any obligation to release publicly any revisions to any forward-looking statements, to report events or to report the occurrence of unanticipated events unless required to do so by law.

Company Overview

GLPI is a self-administered and self-managed REIT headquartered in Wyomissing, Pennsylvania. GLPI was incorporated on February 13, 2013, as a wholly-owned subsidiary of PENN. On November 1, 2013, PENN contributed to GLPI, through a series of internal corporate restructurings, substantially all of the assets and liabilities associated with PENN's real property interests and real estate development business, as well as the assets and liabilities of Hollywood Casino Baton Rouge and Hollywood Casino Perryville and then spun-off GLPI to holders of PENN's common and preferred stock in a tax-free distribution (the "Spin-Off").

Since 2021, the Company has been structured as an umbrella partnership REIT under which substantially all of our business is conducted through GLP Capital, the day-to-day management of which is exclusively controlled by GLPI. GLPI has no material assets other than its investment in GLP Capital. GLPI issues equity from time to time and is obligated to contribute the net proceeds from those offerings to GLP Capital. As of March 31, 2026, GLPI holds a 96.8% controlling financial interest in the operating partnership.

Business Strategy

We seek to provide an opportunity to invest in the growth opportunities afforded by the gaming industry, with the stability and cash flow opportunities of a REIT. Our primary business consists of acquiring, financing, and owning real estate property to be leased to gaming operators in triple-net lease arrangements. Under these arrangements, in addition to rent, the tenants are required to pay the following executory costs: (1) all facility maintenance, (2) all insurance required in connection with the leased properties and the business conducted on the leased properties, including coverage of the landlord's interests, (3) taxes levied on or with respect to the leased properties (other than taxes on the income of the lessor) and (4) all utilities and other services necessary or appropriate for the leased properties and the business conducted on the leased properties. The Company also extends loans that produce fixed or variable returns which may convert into leased rent upon project completion or stabilization.

Property and lease information

The Company has disclosed the following key terms of its Master Leases and Single Property Leases in the tables below, along with the properties within each lease at March 31, 2026. We believe the following key terms are important for users of our financial statements to understand.

- The Coverage ratio is a defined term in each respective lease agreement with our tenants and represents the ratio of Adjusted EBITDAR to rent expense for the properties contained within each lease. Adjusted EBITDAR is defined in each respective lease but is generally consistent with the Company's definition of Adjusted EBITDA as described in the *Results of Operations* section of this *Management Discussion and Analysis*, plus rent expense paid to GLPI.
- Certain leases have a minimum escalator coverage ratio governor as disclosed below. Before a rent escalation of up to 2% on the building base rent component of each lease can occur, the minimum coverage ratio for these leases needs to be 1.8 to 1 for the applicable lease year.
- The reported coverage ratios below with respect to our tenants' rent coverage over the trailing twelve months were provided by our tenants for the most recently available time period. GLPI has not independently verified the accuracy of the tenants' information and therefore makes no representation as to its accuracy. Rent coverage ratios are not reported for ground leases, leases with development projects, or on leases that have been in effect for less than twelve months.
- The Amended PENN Master Lease, the Amended Pinnacle Master Lease, the Boyd Master Lease, and the Belterra Park Lease each include (i) a fixed rent component, a portion of which escalates annually by up to 2% if specified rent coverage thresholds are met, and (ii) a percentage rent component tied to property performance. The percentage rent component is recalculated periodically, every five years for the Amended PENN Master Lease and every two years for the other leases, based on 4% of the average annual net revenues of the applicable facilities in excess of a contractually defined baseline, subject to certain floors.

- (1) If the tenant's parent's net leverage is greater than 5.5 to 1, then the adjusted revenue to rent coverage for the last two consecutive test periods must be at least 1.35. If the tenant's parent's net leverage is equal to or less than 5.5 to 1, then the ratio shall be reduced to 1.2. For the Casino Queen Master Lease the test begins on the first anniversary after both development projects are completed and open to the public.
- (2) If the CPI increase is at least 0.5% for any lease year, then the rent shall increase by the greater of 1% of the rent as of the immediately preceding lease year and the CPI increase capped at 2%. If the CPI is less than 0.5% for such lease year, then the rent shall not increase for such lease year.
- (3) Rent increases by 0.5% for the first six years. Beginning in the seventh lease year through the remainder of the lease term, if the CPI increases by at least 0.25% for any lease year then annual rent shall be increased by 1.25%, and if the CPI is less than 0.25% then rent will remain unchanged for such lease year.
- (4) Effective July 1, 2025, these properties were transferred to Bally's Master Lease II and the associated annual rental income of \$28.9 million was reallocated from the Casino Queen Master Lease to Bally's Master Lease II. The Bally's Master Lease II rent coverage ratio has been restated on a proforma basis.
- (5) If a default were to occur under the Casino Queen Master Lease, the Company has the right under the terms of the lease to elect to amend Bally's Master Lease II and place the assets into it, which carries a corporate guarantee.
- (6) Coverage ratio above is proforma for the acquisition of the real estate assets of Bally's Twin River Lincoln Casino Resort which closed on February 11, 2026.

Funding commitments

As of March 31, 2026, we have entered into various commitments or call rights to finance/acquire future investments in gaming and related facilities for our tenants. These are detailed in the table below. Our tenants retain the option to decline our financing for certain projects and may seek alternative financing solutions. The inclusion of a commitment in this disclosure does not guarantee that the financing will be utilized by the tenant in circumstances where a tenant has the option. See Note 1 in the Notes to the Condensed Consolidated Financial Statements for further details.

Description	Maximum Commitment amount	Amount funded at March 31, 2026
Relocation of Hollywood Casino Aurora ⁽¹⁾	\$225 million	None
Funding associated with a landside move at Ameristar Casino Council Bluffs ⁽²⁾	\$150 million	None
Potential transaction at the former Tropicana Las Vegas site with Bally's	\$175 million	\$48.5 million
Real estate construction costs for Bally's Chicago	\$940 million	\$299.6 million
Construction costs for the landside development project at Bally's Marquette	\$16.5 million	\$16.5 million
Ione Loan to fund a new casino development near Sacramento, California	\$110 million	\$83.6 million
Funding associated with the future site and construction for Live! Virginia Casino & Hotel	\$467 million	\$27.0 million
Delayed draw term loan for Dry Creek Rancheria Resort development	\$180 million	None

⁽¹⁾ PENN anticipates completing the relocation of its Aurora, Illinois riverboat casino to a land-based facility on June 24, 2026, pending customary regulatory approvals. The Company anticipates funding \$225 million at a 7.75% capitalization rate for this project on or about June 24, 2026.

⁽²⁾ The Company has agreed to fund, if requested by PENN at their sole discretion, on or before March 1, 2029, construction improvements in an amount not to exceed the greater of (i) the hard costs associated with the project and (ii) \$150.0 million.

Critical Accounting Estimates

We make certain judgments and use certain estimates and assumptions when applying accounting principles in the preparation of our consolidated financial statements. The nature of the estimates and assumptions are material due to the levels of subjectivity and judgment necessary to account for highly uncertain factors or the susceptibility of such factors to change. We have identified the accounting for leases, investment in leases, financing receivables, net, allowance for credit losses, and real estate investments as critical accounting estimates, as they are the most important to our financial statement presentation and require difficult, subjective and complex judgments.

We believe the current assumptions and other considerations used to estimate amounts reflected in our condensed consolidated financial statements are appropriate. However, if actual experience differs from the assumptions and other considerations used in estimating amounts reflected in our consolidated financial statements, the resulting changes could have a material adverse effect on our consolidated results of operations and, in certain situations, could have a material adverse effect on our consolidated financial condition.

For further information on our critical accounting estimates, see Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the Notes to our audited consolidated financial statements included in our most recent Annual Report. There has been no material change to these estimates for the three months ended March 31, 2026.

Executive Summary

Financial Highlights

We reported total revenues and income from operations of \$420.0 million and \$333.3 million, respectively, for the three months ended March 31, 2026, compared to \$395.2 million and \$258.8 million, respectively, for the corresponding period in the prior year.

The major factors affecting our results for the three months ended March 31, 2026, as compared to the three months ended March 31, 2025, were as follows:

- Total income from real estate increased by \$24.8 million to \$420.0 million for the three months ended March 31, 2026 compared to \$395.2 million for the corresponding period in the prior year. The reason for the increase was primarily due to our recent acquisitions and development activities which in the aggregate increased cash rental income by \$28.2 million for the three months ended March 31, 2026. Additionally, the three months ended March 31, 2026 benefited by \$4.4 million compared to the corresponding period in the prior year from escalations on our leases, higher accretion on its investment in leases of \$0.5 million, favorable variable rents of \$0.2 million and higher ground rent revenue of \$0.3 million. Partially offsetting these increases were unfavorable straight-line rent adjustments of \$8.9 million compared to the corresponding period in the prior year.
- Total operating expenses decreased by \$49.8 million for the three months ended March 31, 2026 as compared to the corresponding period in the prior year due to a decrease in the provision for credit losses of \$49.4 million during the three months ended March 31, 2026. The provision decrease was due to the significant provision in the three month period ended March 31, 2025 that resulted from a more pessimistic forward looking economic forecast and higher weighting to such forecast at March 31, 2025 compared to December 31, 2024. Additionally, the benefit recorded during the three month period ended March 31, 2026 resulted from an improvement in the estimated real estate values that will comprise the Company's real estate portfolio for the Virginia Live! development project. Finally, general and administrative expenses decreased by \$0.8 million due from lower stock based compensation expense compared to the prior year awards.
- Other expenses increased by \$5.5 million for the three months ended March 31, 2026, primarily due to lower interest income of \$6.6 million from lower average interest earning balances in the current year partially offset by lower interest expense of \$1.4 million.
- Net income increased by \$69.0 million for the three months ended March 31, 2026, as compared to the corresponding periods in the prior year, primarily due to the variances explained above.

Results of Operations

The following are the most important factors and trends that contribute or may contribute to our operating performance:

- We have announced or closed numerous transactions in recent years and expect to continue to grow our portfolio by pursuing opportunities to acquire additional gaming facilities (either existing facilities or new development facilities) to lease to gaming operators under prudent terms.
- Several wholly-owned subsidiaries of PENN lease a substantial number of our properties and account for a significant portion of our revenue.
- The risks related to economic conditions, including volatility in the financial markets, high inflation levels and the effect of such conditions on consumer spending for leisure and gaming activities, which may negatively impact our gaming tenants and operators and the variable rent and certain annual rent escalators we receive from our tenants.
- The ability to refinance our significant levels of debt at attractive terms and obtain favorable funding in connection with future business opportunities.
- The fact that the rules and regulations of U.S. federal income taxation are constantly under review by legislators, the Internal Revenue Service and the U.S. Department of the Treasury. Changes to the tax laws or interpretations thereof, with or without retroactive application, could materially and adversely affect GLPI's investors or GLPI.

The consolidated results of operations for the three months ended March 31, 2026 and 2025 are summarized below:

	Three Months Ended March 31,	
	2026	2025
	(in thousands)	
Total revenues	\$ 419,985	\$ 395,235
Total operating expenses	86,636	136,401
Income from operations	333,349	258,834
Total other expenses	(93,387)	(87,916)
Income before income taxes	239,962	170,918
Income tax expense	560	564
Net income	\$ 239,402	\$ 170,354
Net income attributable to non-controlling interest in the Operating Partnership	(7,573)	(5,170)
Net income attributable to common shareholders	\$ 231,829	\$ 165,184

FFO, AFFO and Adjusted EBITDA

Funds From Operations ("FFO"), Adjusted Funds From Operations ("AFFO") and Adjusted EBITDA are non-U.S. generally accepted accounting principles ("GAAP") financial measures used by the Company as performance measures for benchmarking against the Company's peers and as internal measures of business operating performance, which is used as a bonus metric. These metrics are presented assuming full conversion of limited partnership units to common shares and therefore before the income statement impact of non-controlling interests. The Company believes FFO, AFFO and Adjusted EBITDA provide a meaningful perspective of the underlying operating performance of the Company's current business. This is especially true since these measures exclude real estate depreciation and we believe that real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time.

FFO, AFFO and Adjusted EBITDA are non-GAAP financial measures that are considered supplemental measures for the real estate industry and a supplement to GAAP measures. The National Association of Real Estate Investment Trusts defines FFO as net income (computed in accordance with GAAP), excluding (gains) or losses from dispositions of property and real estate depreciation. We define AFFO as FFO excluding, as applicable to the particular period, stock based compensation expense; the amortization of debt issuance costs, bond premiums and original issuance discounts; other depreciation; amortization of land rights; accretion on investment in leases; non-cash adjustments to financing lease liabilities; straight-line rent and deferred rent adjustments; losses on debt extinguishment and other financing costs; severance charges; capitalized interest; and provision (benefit) for credit losses, net, reduced by capital maintenance expenditures. Finally, we define Adjusted EBITDA as net income

excluding, as applicable to the particular period, interest, net; income tax expense; real estate depreciation; other depreciation; (gains) or losses from dispositions of property; stock based compensation expense; straight-line rent and deferred rent adjustments; amortization of land rights; accretion on investment in leases; non-cash adjustments to financing lease liabilities; losses on debt extinguishment and other financing costs; severance charges; and provision (benefit) for credit losses, net.

FFO, AFFO and Adjusted EBITDA are not recognized terms under GAAP. These non-GAAP financial measures: (i) do not represent cash flows from operations as defined by GAAP; (ii) should not be considered as an alternative to net income as a measure of operating performance or to cash flows from operating, investing and financing activities; and (iii) are not alternatives to cash flows as a measure of liquidity. In addition, these measures should not be viewed as an indication of our ability to fund our cash needs, including to make cash distributions to our shareholders, to fund capital improvements, or to make interest payments on our indebtedness. Investors are also cautioned that FFO, AFFO and Adjusted EBITDA, as presented, may not be comparable to similarly titled measures reported by other real estate companies, including REITs, due to the fact that not all real estate companies use the same definitions. Our presentation of these measures does not replace the presentation of our financial results in accordance with GAAP.

The reconciliation of the Company's net income per GAAP to FFO, AFFO, and Adjusted EBITDA for the three months ended March 31, 2026 and 2025 is as follows:

	Three Months Ended	
	March 31,	
	2026	2025
	(in thousands)	
Net income	\$ 239,402	\$ 170,354
Gains from dispositions of property	—	(125)
Real estate depreciation	64,552	64,529
Funds from operations	\$ 303,954	\$ 234,758
Straight-line rent and deferred rent adjustments	471	(8,412)
Other depreciation	485	483
Provision (benefit) for credit losses, net	(10,137)	39,246
Amortization of land rights	4,270	4,270
Amortization of debt issuance costs, bond premiums and original issuance discounts	3,468	3,232
Stock based compensation	8,104	8,858
Losses on debt extinguishment and other financing costs	268	—
Accretion on investment in leases	(7,412)	(6,896)
Non-cash adjustment to financing lease liabilities	98	98
Capitalized interest	(6,430)	(3,605)
Capital maintenance expenditures	—	(36)
Adjusted funds from operations	\$ 297,139	\$ 271,996
Interest, net	92,346	87,149
Income tax expense	560	564
Capital maintenance expenditures	—	36
Amortization of debt issuance costs, bond premiums and original issuance discounts	(3,468)	(3,232)
Capitalized interest	6,430	3,605
Adjusted EBITDA	\$ 393,007	\$ 360,118

Net income, FFO, AFFO and Adjusted EBITDA were \$239.4 million, \$304.0 million, \$297.1 million, and \$393.0 million for the three months ended March 31, 2026, respectively. This compares to net income, FFO, AFFO and Adjusted EBITDA of \$170.4 million, \$234.8 million, \$272.0 million and \$360.1 million for the corresponding period in the prior year. The increase in net income of \$69.0 million was primarily attributable to an increase in total revenues of \$24.8 million, lower operating expenses of \$49.8 million (which was driven by the decline in the provision for credit losses of \$49.4 million) partially offset by higher other expenses of \$5.5 million (driven by lower average interest earnings assets).

The increase in FFO for the three months ended March 31, 2026 was due to the items described above, excluding gains from dispositions of property and real estate depreciation. The increases in AFFO and Adjusted EBITDA were due to the items described above, as well as the adjustments mentioned in the tables above.

Revenues

Revenues for the three months ended March 31, 2026 and 2025 were as follows (in thousands):

	Three Months Ended March 31,		Variance	Percentage Variance
	2026	2025		
Rental income	\$ 356,522	\$ 340,252	\$ 16,270	4.8 %
Income from investment in leases, financing receivables	52,702	47,764	4,938	10.3 %
Income from sales type leases	3,838	3,760	78	N/A
Interest income from real estate loans	6,923	3,459	3,464	N/A
Total income from real estate	\$ 419,985	\$ 395,235	\$ 24,750	6.3 %

Total income from real estate

- Total income from real estate increased by \$24.8 million to \$420.0 million for the three months ended March 31, 2026 compared to \$395.2 million for the corresponding period in the prior year. The reason for the increase was primarily due to our recent acquisitions and development activities which in the aggregate increased cash rental income by \$28.2 million for the three months ended March 31, 2026. Additionally, the three months ended March 31, 2026 benefited by \$4.4 million compared to the corresponding period in the prior year from escalations on our leases, higher accretion on its investment in leases of \$0.5 million, favorable variable rents of \$0.2 million and higher ground rent revenue of \$0.3 million. Partially offsetting these increases were unfavorable straight-line rent adjustments of \$8.9 million compared to the corresponding period in the prior year.

In accordance with ASC 842, the Company records revenue for the ground lease rent paid by its tenants with an offsetting expense in land rights and ground lease expense within the condensed consolidated statements of income as the Company has concluded that as the lessee it is the primary obligor under the ground leases. The Company subleases these ground leases back to its tenants, who are responsible for payment directly to the landlord.

The Company recognizes earnings on Investment in leases, financing receivables and Investment in leases, sales type based on the effective yield method using the discount rate implicit in the leases. The amounts in the table above labeled accretion on leases represent earnings recognized in excess of cash received during the period.

Operating expenses

Operating expenses for the three months ended March 31, 2026 and 2025 were as follows (in thousands):

	Three Months Ended March 31,		Variance	Percentage Variance
	2026	2025		
Land rights and ground lease expense	\$ 13,798	\$ 13,555	\$ 243	1.8 %
General and administrative	17,938	18,713	(775)	(4.1)%
Gains from dispositions	—	(125)	125	N/A
Depreciation	65,037	65,012	25	— %
Provision for credit losses	(10,137)	39,246	(49,383)	(125.8)%
Total operating expenses	\$ 86,636	\$ 136,401	\$ (49,765)	(36.5)%

Land rights and ground lease expense

Land rights and ground lease expense includes the amortization of land rights and rent expense related to the Company's long-term ground leases. Land rights and ground lease expense increased by \$0.2 million for the three months ended March 31, 2026, as compared to the corresponding period in the prior year due to the acquisition of the real estate assets in Bally's Master Lease II.

General and administrative expense

General and administrative expenses include items such as compensation costs (including stock based compensation), professional services and costs associated with development activities. General and administrative expenses decreased by \$0.8 million for the three months ended March 31, 2026, compared to the corresponding period in the prior year. The decrease was primarily attributable to a \$0.8 million reduction in stock-based compensation expense relative to the prior year.

Provision for credit losses

The Company recorded a benefit for credit losses of \$10.1 million for the three months ended March 31, 2026 compared to a provision of \$39.2 million for the corresponding period in the prior year. As described in Note 3, the Company follows ASC 326 "Credit Losses", which requires that the Company measure and record current expected credit losses, the scope of which includes our Investments in leases, as well as the Company's real estate loans and related loan commitment.

The reason for the year over year variance in the provision was due to the significant charge in the three month period ended March 31, 2025 that resulted from a more pessimistic forward looking economic forecast and higher weighting to such forecast at March 31, 2025 compared to December 31, 2024. Additionally, the benefit recorded during the three month period ended March 31, 2026 resulted from an improvement in the estimated real estate values that will comprise the Company's real estate portfolio for the Virginia Live! development project. Future changes in economic projections, probability factors, changes in the estimated value of our real estate property and earnings assumptions at the underlying facilities may result in non-cash provisions or recoveries in future periods that could materially impact our results of operations.

Other income (expenses)

Other income (expenses) for the three months ended March 31, 2026 and 2025 were as follows (in thousands):

	Three Months Ended March 31,		Variance	Percentage Variance
	2026	2025		
Interest expense	\$ (95,856)	\$ (97,272)	\$ 1,416	(1.5)%
Interest income	2,737	9,356	(6,619)	(70.7)%
Losses on debt extinguishment and other financing costs	(268)	—	(268)	N/A
Total other expenses	<u>\$ (93,387)</u>	<u>\$ (87,916)</u>	<u>\$ (5,471)</u>	6.2 %

Interest expense

Interest expense decreased by \$1.4 million for the three months ended March 31, 2026, as compared to the corresponding period in the prior year.

Interest income

Interest income declined by \$6.6 million for the three months ended March 31, 2026 due to lower average interest earning balances in the current year.

Net income attributable to noncontrolling interest in the Operating Partnership

As partial consideration for certain real estate acquisitions, the Company's operating partnership has issued OP Units. OP Units are exchangeable for common shares of the Company on a one-for-one basis, subject to certain terms and conditions. The operating partnership is a variable interest entity ("VIE") in which the Company is the primary beneficiary because it has the power to direct the activities of the VIE that most significantly impact the partnership's economic performance and has the obligation to absorb losses of the VIE that could be potentially significant to the VIE and the right to receive benefits from the VIE that could be

significant to the VIE. Therefore, the Company consolidates the accounts of the operating partnership, and reflects the third party ownership in this entity as a noncontrolling interest in the Condensed Consolidated Balance Sheets and allocates the proportion of net income to the noncontrolling interests on the Condensed Consolidated Statements of Income.

The Company's net income or loss is allocated to noncontrolling interests based on the respective ownership or voting percentage in the Operating Partnership associated with such noncontrolling interests and is removed from consolidated income or loss on the Condensed Consolidated Statements of Operations in order to derive net income or loss attributable to common stockholders. The noncontrolling ownership percentage is calculated by dividing the aggregate number of LTIP Units and OP Units by the total number of units and shares outstanding.

Liquidity and Capital Resources

Our primary sources of liquidity and capital resources are cash flow from operations, borrowings from banks, and proceeds from the issuance of debt and equity securities.

Net cash provided by operating activities was \$270.2 million and \$252.5 million during the three months ended March 31, 2026 and 2025, respectively. The increase in net cash provided by operating activities of \$17.7 million for the three months ended March 31, 2026, as compared to the corresponding period in the prior year, was primarily comprised of an increase in cash receipts from customers of \$32.8 million along with a decrease in cash paid for interest expense of \$9.4 million. This was partially offset by increases in cash paid for operating expenses and employees of \$4.6 million and \$2.1 million, respectively. Finally, cash received on interest income declined by \$17.5 million. The increase in cash receipts collected from our customers for the three months ended March 31, 2026, as compared to the corresponding period in the prior year, was due to increased rental income from the Company's recent acquisition and development activity as well as lease escalations.

The \$17.5 million decline in cash collected from interest income was driven by two factors: (i) the non-recurrence of a zero-coupon bond maturity in the prior year and (ii) lower average earning balances in the current year. Upon maturity, the zero-coupon bond generated a one-time cash inflow of \$10.8 million, representing the cumulative accretion of discount recognized as interest income over the life of the instrument. As no comparable maturity occurred in the current period, this resulted in a period-over-period decline in cash collections. The remaining variance is attributable to lower average earning balances, which reduced ongoing interest income.

The decline in cash paid for interest expense relates to timing differences on bond interest payments due to our bond redemptions and issuances during the three months ended March 31, 2026, lower market interest rates on our variable rate debt as well as higher capitalized interest due to our continued development costs at Bally's Chicago. The increase in cash paid for operating expenses is primarily attributable to changes in working capital accounts and the increase in cash paid to employees is primarily attributable to a severance payment to a former executive.

Investing activities used cash of \$853.5 million and provided cash of \$534.0 million during the three months ended March 31, 2026 and 2025, respectively. Net cash used by investing activities during the three months ended March 31, 2026 primarily consisted of \$688.0 million for the acquisition of the Bally's Lincoln real estate assets which were added to the Bally's II Master Lease, additional loan fundings of \$54.1 million, and capital expenditures of \$111.5 million primarily related to Bally's Chicago. The net cash provided by investing activities for the three months ended March 31, 2025 consisted primarily of the maturity of zero coupon U.S. Treasury Bills totaling \$550.0 million, partially offset by Ione Loan fundings of \$3.2 million and capital expenditures of \$12.9 million.

Financing activities provided cash of \$633.5 million and used cash of \$1,080.3 million during the three months ended March 31, 2026 and 2025, respectively. Net cash provided by financing activities during the three months ended March 31, 2026 was driven by proceeds from the issuance of long term debt of \$2,156.9 million, partially offset by the repayment of long term debt of \$1,279.9 million, dividend payments of \$221.1 million, non-controlling interest distributions of \$6.9 million, taxes paid related to shares withheld for tax purposes on restricted stock award vestings of \$6.3 million and new debt issuance costs of \$9.1 million. Cash used in financing activities during the three months ended March 31, 2025 was driven by the repayment of long term debt of \$850.1 million, dividend payments of \$209.1 million, noncontrolling interest distributions of \$6.3 million and taxes paid related to shares withheld for tax purposes on restricted stock award vestings of \$14.8 million.

Capital Expenditures

Capital expenditures are accounted for as either capital project expenditures or capital maintenance (replacement) expenditures. Capital project expenditures are for fixed asset additions that expand an existing facility or create a new facility. The cost of properties developed by the Company include costs of construction, property taxes, interest and other miscellaneous costs incurred during the development period until the project is substantially complete and available for occupancy. Capital maintenance expenditures are expenditures to replace existing fixed assets with a useful life greater than one year that are obsolete, worn out or no longer cost effective to repair.

During the three months ended March 31, 2026 and 2025, we spent approximately \$111.5 million and \$12.9 million, respectively, for capital expenditures. The capital expenditures in 2026 were related to the Bally's Chicago development project and a land side development project at Bally's Marquette.

Debt

The Company has access to a \$2.09 billion variable rate Revolver under its Credit Agreement, of which \$330.8 million is outstanding as of March 31, 2026. Additionally, the Company was contingently obligated under letters of credit issued pursuant to the Credit Agreement with face amounts aggregating approximately \$0.4 million, resulting in \$1,758.8 million of available borrowing capacity under the Credit Agreement as of March 31, 2026.

The Company has \$8.08 billion of debt outstanding with a weighted average maturity and interest rate of 7.1 years and 5.08%, respectively as of March 31, 2026. The majority of the Company's debt obligations have fixed interest rates from the issuance of its senior unsecured notes. During the three months ended March 31, 2026, the Company issued \$800 million of 5.625% Senior Notes that will mature on March 1, 2036 at an issue price of 99.857% of the principal amount. The proceeds of the offering were utilized to repay borrowings under the 2022 Term Loan Credit Facility and for working capital and general corporate purposes. During the three month period ended March 31, 2025, the Company redeemed its \$850 million 5.250% note that was due in June 2025. See Note 7 for the future minimum repayments of the Company's debt obligations and additional discussion.

GLPI owns 96.8% of the assets of GLP Capital and conducts all of its operations through the operating partnership. Based on the amendments to Rule 3-10 of Regulation S-X that the SEC released on January 4, 2021, we note that since GLPI fully and unconditionally guarantees the debt securities of the Issuers and consolidates both Issuers, we are not required to provide separate financial statements for the Issuers and GLPI since they are consolidated into GLPI and the GLPI guarantee is "full and unconditional".

Furthermore, as permitted under Rule 13-01(a)(4)(vi), we excluded the summarized financial information for the Issuers because the assets, liabilities and results of operations of the Issuers and GLPI are not materially different than the corresponding amounts in GLPI's consolidated financial statements and we believe such summarized financial information would be repetitive and would not provide incremental value to investors.

Distribution Requirements

We generally must distribute annually at least 90% of our REIT taxable income, determined without regard to the dividends paid deduction and excluding any net capital gains, in order to qualify to be taxed as a REIT (assuming that certain other requirements are also satisfied) so that U.S. federal corporate income tax does not apply to earnings that we distribute. Such distributions generally can be made with cash and/or a combination of cash and Company common stock if certain requirements are met. To the extent that we satisfy this distribution requirement and qualify for taxation as a REIT but distribute less than 100% of our REIT taxable income, determined without regard to the dividends paid deduction and including any net capital gains, we will be subject to U.S. federal corporate income tax on our undistributed net taxable income. In addition, we will be subject to a 4% nondeductible excise tax if the actual amount that we distribute to our shareholders in a calendar year is less than a minimum amount specified under U.S. federal income tax laws. We intend to make distributions to our shareholders to comply with the REIT requirements of the Code. To the extent any of the Company's taxable income was not previously distributed, the Company will make a dividend declaration pursuant to Section 858(a)(1) of the Code, allowing the Company to treat certain dividends that are to be distributed after the close of a taxable year as having been paid during the taxable year.

Outlook

Based on our current level of operations and anticipated earnings, we believe that cash generated from operations and cash on hand, together with amounts available under our Credit Agreement and our ability to raise equity proceeds (including through the use of our 2025 ATM Program), will be adequate to meet our anticipated debt service requirements, funding commitments, capital expenditures, working capital needs and dividend requirements for the next twelve months and beyond.

We expect the majority of our future growth to come from funding commitments to our tenants and acquisitions of gaming and other properties to lease to third parties. If we consummate significant transactions in the future, our cash requirements may increase significantly and we would likely need to raise additional proceeds through a combination of either common equity, issuance of additional OP Units, and/or debt offerings. Our future operating performance and our ability to service or refinance our debt will be subject to future economic conditions and to financial, business and other factors, many of which are beyond our control. See "Risk Factors-Risks Related to Our Capital Structure" in the Company's Annual Report on Form 10-K for the year ended December 31, 2025, for a discussion of the risk related to our capital structure.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We face market risk exposure in the form of interest rate risk. These market risks arise from our debt obligations. We have no international operations. Our exposure to foreign currency fluctuations is not significant to our financial condition or results of operations.

GLPI's primary market risk exposure is interest rate risk with respect to its indebtedness of \$8,159.9 million at March 31, 2026. Furthermore, \$7,150.0 million of our obligations at March 31, 2026 are the senior unsecured notes that have fixed interest rates with maturity dates ranging from June 2028 to September 2054. An increase in interest rates could make the financing of any acquisition by GLPI more costly, as well as increase the costs of its variable rate debt obligations. Rising interest rates could also limit GLPI's ability to refinance its debt when it matures or cause GLPI to pay higher interest rates upon refinancing and increase interest expense on refinanced indebtedness. GLPI may manage, or hedge, interest rate risks related to its borrowings by means of interest rate swap agreements. However, the provisions of the Code applicable to REITs limit GLPI's ability to hedge its assets and liabilities.

The table below provides information at March 31, 2026 about our financial instruments that are sensitive to changes in interest rates. For debt obligations, the table presents notional amounts maturing in each fiscal year and the related weighted-average interest rates by maturity dates. Notional amounts are used to calculate the contractual payments to be exchanged by maturity date and the weighted-average interest rates are based on implied forward SOFR rates at March 31, 2026.

	04/01/26- 12/31/26	1/01/27- 12/31/27	1/01/28- 12/31/28	1/01/29- 12/31/29	1/01/30- 12/31/30	Thereafter	Total	Fair Value at 3/31/2026

Variable rate	\$ 2,493	\$ 3,325	\$ 1,003,975	\$ —	\$ —	\$ —	\$ 1,009,793	\$ 1,009,793
Average interest rate ⁽¹⁾	4.97	4.72%	4.79%	—%	—%	—%		

⁽¹⁾ Estimated rate, reflective of forward SOFR plus the spread over SOFR applicable to the Company's variable-rate borrowing based on the terms of its Credit Agreement. Rate above includes the facility fee on the commitments under the Credit Agreement, which is due regardless of usage, at a rate that ranges from 0.125% to 0.3% per annum, depending on the credit rating assigned to the Credit Agreement from time to time. The current facility fee rate is 0.25%.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Controls and Procedures

The Company's management, under the supervision and with the participation of our principal executive officer and principal financial officer, has evaluated the effectiveness of the Company's disclosure controls and procedures, as such term is defined under Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as of March 31, 2026, which is the end of the period covered by this Quarterly Report on Form 10-Q. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well-designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on this evaluation, our principal executive officer and principal financial officer concluded that the Company's disclosure controls and procedures were effective as of March 31, 2026 to ensure that information required to be disclosed by the Company in reports we file or submit under the Exchange Act is (i) recorded, processed, summarized, evaluated and reported, as applicable, within the time periods specified in the United States Securities and Exchange Commission's rules and forms and (ii) accumulated and communicated to the Company's management, including the Company's principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosures.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) that occurred during the fiscal quarter covered by this Quarterly Report on Form 10-Q that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Information in response to this Item is incorporated by reference to the information set forth in "Note 9: Commitments and Contingencies" in the Notes to the condensed consolidated financial statements in Part I of this Quarterly Report on Form 10-Q.

ITEM 1A. RISK FACTORS

Risk factors that affect our business and financial results are discussed in Part I, "Item 1A. Risk Factors," of our Annual Report. You should carefully consider the risks described in our Annual Report, which could materially affect our business, financial condition or future results. The risks described in our Annual Report are not the only risks we face. Additional risks and uncertainties not currently known to us or that we currently deem immaterial also may materially adversely affect our business, financial condition, and/or operating results. If any of the risks actually occur, our business, financial condition, and/or results of operations could be negatively affected. There have been no material changes to the risk factors disclosed in Part I, Item 1A. "Risk Factors" of our Annual Report on Form 10-K for the year ended December 31, 2025, except as set forth below.

Geopolitical instability may drive interest rate and inflation volatility, increasing our cost of capital and adversely impacting tenant performance and rent growth

Geopolitical events, including recent conflicts in the Middle East, have contributed to increased volatility in U.S. Treasury yields, including higher 10-year Treasury yields, which serve as a benchmark for our cost of capital and a key input in equity valuation for REITs. Sustained increases in interest rates could adversely affect our stock price, increase our borrowing costs, and reduce the attractiveness of real estate investments relative to other asset classes.

In addition, such geopolitical events may contribute to higher inflation, including through increases in energy prices, supply chain disruptions, and higher input costs. Elevated inflation may adversely affect our tenants' operating costs and profitability, as well as discretionary consumer spending at their properties, thereby reducing tenant cash flows. This, in turn, may reduce rent coverage ratios and limit rent growth under escalation provisions or percentage rent components in certain of our leases, and could impair our tenants' ability to satisfy their obligations to us.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The Company did not repurchase any shares of common stock or sell any unregistered securities during the three months ended March 31, 2026.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

c) Insider Trading Arrangements and Policies

On February 26, 2026, Steven Ladany, the Company's Senior Vice President and Chief Development Officer, entered into a pre-arranged written stock sale plan in accordance with Rule 10b5-1 (the "Ladany Rule 10b5-1 Plan") under the Exchange Act for the sale of shares of the Company's common stock. The Ladany Rule 10b5-1 Plan was entered into during an open trading window in accordance with the Company's policies regarding transactions in the Company's securities and is intended to satisfy the affirmative defense of Rule 10b5-1(c) under the Exchange Act. The Ladany Rule 10b5-1 Plan provides for the potential sale of shares of the Company's common stock, including upon the vesting and settlement of restricted stock awards, between December 31, 2026 and February 1, 2027. The aggregate number of shares of common stock that will be available for sale under the Ladany Rule 10b5-1 Plan is not yet determinable because certain awards are subject to Company performance award metrics and will be net of shares sold to satisfy tax withholding obligations that arise in connection with the

vesting and settlement of such restricted stock awards. As such, for purposes of this disclosure, the aggregate number of shares of common stock available for sale prior to tax withholding on vested shares is 80,886.

The Ladany Rule 10b5-1 Plan includes a representation from Mr. Ladany to the broker administering the plan that he was not in possession of any material nonpublic information regarding the Company or the securities subject to the Ladany Rule 10b5-1 Plan at the time it was entered into. A similar representation was made to the Company in connection with the adoption of the Ladany Rule 10b5-1 Plan under the Company's policies regarding transactions in the Company's securities. Those representations were made as of the date of adoption of the Ladany Rule 10b5-1 Plan, and speak only as of such date. In making those representations, there is no assurance with respect to any material nonpublic information of which Mr. Ladany was unaware, or with respect to any material nonpublic information acquired by Mr. Ladany or the Company after the date of the representation.

CERTIFICATION PURSUANT TO RULE 13a-14(a) OR 15d-14(a) OF THE SECURITIES EXCHANGE ACT OF 1934

I, Peter M. Carlino, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Gaming and Leisure Properties, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. I have disclosed, based on my most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
